**TEGNA Inc. Reports First Quarter 2023 Results**

*Achieves record first quarter subscription revenue which reflects resiliency of Company's business model following a record year for total company revenue, subscription revenue, net income, and Adjusted EBITDA*

*TEGNA declares regular quarterly dividend of 9.5 cents per share*

Tysons, Va. – TEGNA Inc. (NYSE: TGNA) today announced financial results for the first quarter ended March 31, 2023.

**FIRST QUARTER FINANCIAL HIGHLIGHTS:**

- Total company revenue was \$740 million in the first quarter, down four percent year-over-year, due to cyclical even-year events, primarily driven by the absence of political revenue and Winter Olympics on NBC, our largest big four affiliate portfolio, as well as the Super Bowl airing on NBC last year compared to Fox stations this year. Fox is our smallest station portfolio.
  - Total company revenue was up two percent from the first quarter of 2021<sup>1</sup> primarily driven by growth in subscription revenue, partially offset by Advertising and Marketing Services (“AMS”) revenue.
- Subscription revenue was a first quarter record of \$414 million, up six percent year-over-year, driven by contractual rate increases, a favorable comparison against the partial quarter interruption experienced with Dish last year, and partially offset by subscriber declines.
- AMS revenue was \$308 million in the first quarter, down 13 percent year-over-year due to the absence of the Winter Olympics and Super Bowl last year on our strong portfolio of NBC stations, as well as continued macroeconomic headwinds. Automotive advertising revenue continued to show strong year-over-year growth for the third consecutive quarter adjusting for Winter Olympics and Super Bowl.
  - Compared to 2021, first quarter AMS revenue was down five percent primarily driven by variances in Super Bowl on Fox stations compared to CBS in 2021, as well as continued macroeconomic headwinds.
- TEGNA achieved net income of \$104 million on a GAAP basis, or \$107 million on a non-GAAP basis.

---

<sup>1</sup> Operating results are subject to significant fluctuations across yearly periods (driven by even-year election cycles and Olympics). As such, the management team and Board of Directors also review current period operating results compared to the same period two years ago (e.g., 2023 vs. 2021).

- Total company Adjusted EBITDA<sup>2</sup> was \$205 million, representing a decrease of 18 percent compared to the first quarter of 2022 as expected due to reduced high-margin advertising revenue from political and Super Bowl on NBC stations last year, as well as absence of NBC Winter Olympics revenue.
  - First quarter Adjusted EBITDA was down 11 percent compared to the first quarter of 2021 reflecting lower high-margin advertising revenues from political and CBS Super Bowl.
- GAAP operating expenses were \$567 million, flat year-over-year, driven by increases in programming costs offset by lower stock-based compensation and lower M&A related costs. Non-GAAP operating expenses were \$564 million, up two percent year-over-year, with the increase driven entirely by programming costs, partially offset by lower stock-based compensation expense.
  - Non-GAAP expenses less programming decreased two percent from the first quarter of 2022.
- GAAP and non-GAAP operating income totaled \$174 million and \$176 million, respectively.
- Interest expense decreased to \$43 million compared to \$44 million in the first quarter of 2022 due to lower average debt of \$3.1 billion, resulting in net leverage of 2.34x.
- GAAP and non-GAAP earnings per diluted share were \$0.46 and \$0.47, respectively.
- Free cash flow<sup>3</sup> was \$133 million for the quarter.
  - For the trailing two-year period ending March 31, 2023, free cash flow as a percentage of revenue was 21.3 percent.
- Total cash and cash equivalents at the end of the quarter was \$683 million.

## DIVIDEND ANNOUNCEMENT

TEGNA's Board of Directors declared a regular quarterly dividend of 9.5 cents per share, payable on July 3, 2023, to stockholders of record as of the close of business on June 9, 2023.

## TRANSACTION OVERVIEW

On February 22, 2022, TEGNA Inc. and Standard General L.P. announced<sup>4</sup> that TEGNA and an affiliate of Standard General entered into a definitive agreement under which TEGNA will be acquired by the Standard General affiliate for \$24.00 per share in cash. On February 24, 2023, the FCC issued a hearing designation order (the "HDO") with respect to the transaction. On March 27, 2023, certain of the parties to the Merger Agreement filed a notice of appeal of the HDO and a petition for a writ of mandamus with the United States Court of Appeals for the District of Columbia Circuit (the "D.C. Court of Appeals"). On April 3, 2023, the D.C. Court of Appeals dismissed the appeal of the HDO. On April 21, 2023, the D.C. Court of Appeals denied the petition for a writ of mandamus. TEGNA is currently evaluating its options.

As a result of the pending transaction and as previously announced, TEGNA expects to continue to pay its regular quarterly dividend through the closing of the transaction, but has suspended share repurchases under its previously announced share repurchase program.

## RECENT CONTENT, PROGRAMMING AND ESG UPDATES

- *TEGNA Stations' Streaming Apps for Roku and Fire TV on Growth Trajectory* – In Q1, stations' apps saw 560 million minutes on streaming, a 69 percent increase year-over-year. The average visitor spent 10 hours in the apps during March.
- *Premion Continues Strong Growth Trajectory in Local Sales* – Premion continues its momentum in the fast-growing streaming TV advertising space with established, proven, and unique sales channels, specifically local, which cannot be easily duplicated. Premion sellers reach more than 78 percent of U.S. households and continue to benefit from the breadth of TEGNA and Gray's local salesforce and footprint of local stations, a unique advantage in selling CTV and OTT. During the quarter, we renewed a multi-year reseller agreement with Gray.
- *Locked On Delivers for Sports Fans* – In Q1, Locked On Podcast Network delivered more than 66 million podcast listens and views across all platforms. The network finished the quarter with an impressive increase of 57 percent in unique audience (individual listeners and viewers) versus Q1 2022. Expansion into video continues to be a major driver of network growth, as Locked On saw a 170 percent increase in video views versus Q1 last year with local sports fans consuming more than 337 million minutes of Locked On video content during the quarter.
- *VERIFY Continues Growth and Impact* – VERIFY, TEGNA's national brand that combats disinformation, ended the quarter with approximately 420,000 followers across its various dedicated channels, including its daily newsletter and TikTok, both of which were named Webby Award Honorees among some of the most notable brands online. In Q1, unique visitors to VerifyThis.com grew 77 percent year-over-year and video views grew 18 percent year-over-year. YouTube video plays grew 63 percent year-over-year.
- *Groundbreaking Investigations Change Lives and Laws* – TEGNA stations' investigative reporting on important local issues has led to new legislation. KARE 11 Investigates' "The Gap: Failure to Treat, Failure to Protect" received a prestigious Peabody Award (Press Release<sup>5</sup>) for their year-long investigation that led to new legislation in Minnesota and KXTV's "The Price of Care: Taken by the State" received a Peabody Award nomination (Press Release<sup>6</sup>) for their work. KARE's "The Gap" and WXIA's "The Reveal: #Keeping" also received prestigious Alfred I. duPont-Columbia University Awards for their impactful investigations. (Press Release<sup>7</sup>)
- *TEGNA Stations and Employees Receive Top Industry Honors* – TEGNA stations and employees received industry honors, including KING, which received the Brooks Jackson Prize for Fact-Checking from the Annenberg Public Policy Center in partnership with USC Annenberg's Cronkite Awards for "The Fraud Crusade," their series on a misinformation campaign that sought to undermine public trust in Washington state's elections (Press Release<sup>8</sup>); three 2023 Gracie Awards from the Alliance for Women in Media Foundation (Press Release<sup>9</sup>); and a 2023 NAB Foundation Service to America award honor for WBNS (Columbus) in the Television Large/Major Market category for "Maria's Message," which resulted in new legislation that toughened Ohio's distracted driving laws.

## FORWARD-LOOKING STATEMENTS

This communication includes forward-looking statements within the meaning of the “safe harbor” provisions of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are based on a number of assumptions about future events and are subject to various risks, uncertainties and other factors that may cause actual results to differ materially from the views, beliefs, projections and estimates expressed in such statements. These risks, uncertainties and other factors include, but are not limited to, those discussed under “Risk Factors” in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2022, Quarterly Reports on Form 10-Q and the following: (1) the timing, receipt and terms and conditions of any required governmental or regulatory approvals of the proposed transaction between TEGNA and affiliates of Standard General and the related transactions involving the parties to the proposed transaction that could reduce the anticipated benefits of or cause the parties to abandon the proposed transaction, (2) risks related to the satisfaction of the conditions to closing the proposed transaction (including the failure to obtain necessary regulatory approvals), and the related transactions involving the parties to the proposed transaction, in the anticipated timeframe or at all, (3) the risk that any announcements relating to the proposed transaction could have adverse effects on the market price of the Company’s common stock, (4) disruption from the proposed transaction could make it more difficult to maintain business and operational relationships, including retaining and hiring key personnel and maintaining relationships with the Company’s customers, vendors and others with whom it does business, (5) the occurrence of any event, change or other circumstances that could give rise to the termination of the merger agreement entered into pursuant to the proposed transaction or of the transactions involving the parties to the proposed transaction, (6) risks related to disruption of management’s attention from the Company’s ongoing business operations due to the proposed transaction, (7) significant transaction costs, (8) the risk of litigation and/or regulatory actions related to the proposed transaction or unfavorable results from currently pending litigation and proceedings or litigation and proceedings that could arise in the future, (9) other business effects, including the effects of industry, market, economic, political or regulatory conditions, and (10) information technology system failures, data security breaches, data privacy compliance, network disruptions, and cybersecurity, malware or ransomware attacks. Potential regulatory actions, changes in consumer behaviors and impacts on and modifications to the Company’s operations and business relating thereto and the Company’s ability to execute on its standalone plan can also cause actual results to differ materially. The Company is not responsible for updating the information contained in this press release beyond the published date, or for changes made to this press release by wire service, Internet service providers or other media.

Readers are cautioned not to place undue reliance on forward-looking statements made by or on behalf of the Company. Each such statement speaks only as of the day it was made. The Company undertakes no obligation to update or to revise any forward-looking statements. The factors described above cannot be controlled by the Company. When used in this communication, the words “believes,” “estimates,” “plans,” “expects,” “should,” “could,” “outlook,” and “anticipates” and similar expressions as they relate to the Company or its management are intended to identify forward-looking statements. Forward-looking statements in this communication may include, without limitation: statements about the potential benefits of the proposed acquisition, anticipated growth rates, the Company’s plans, objectives, expectations, and the anticipated timing of closing the proposed transaction.

## USE OF NON-GAAP INFORMATION

The company uses non-GAAP financial performance measures to supplement the financial information presented on a GAAP basis. These non-GAAP financial measures should not be considered in isolation from, or as a substitute for, the related GAAP measures, nor should they be considered superior to the related GAAP measures, and should be read together with financial information presented on a GAAP basis. Also, our non-GAAP measures may not be comparable to similarly titled measures of other companies.

Management and the company's Board of Directors use non-GAAP financial measures for purposes of evaluating company performance. Furthermore, the Leadership Development and Compensation Committee of our Board of Directors uses non-GAAP measures such as Adjusted EBITDA, non-GAAP net income, non-GAAP EPS, and free cash flow to evaluate management's performance. The company, therefore, believes that each of the non-GAAP measures presented provides useful information to investors and other stakeholders by allowing them to view our business through the eyes of management and our Board of Directors, facilitating comparisons of results across historical periods and focus on the underlying ongoing operating performance of our business. The company also believes these non-GAAP measures are frequently used by investors, securities analysts and other interested parties in their evaluation of our business and other companies in the broadcast industry.

The company discusses in this release non-GAAP financial performance measures that exclude from its reported GAAP results the impact of "special items" consisting of spectrum repacking reimbursements and other, net, M&A-related costs, a gain on an available for sale investment, and an impairment charge recorded for another investment. In addition, we have excluded certain income tax special items associated with a valuation allowance on a deferred tax asset related to an equity method investment.

The company believes that such expenses and gains are not indicative of normal, ongoing operations. While these items should not be disregarded in evaluation of our earnings performance, it is useful to exclude such items when analyzing current results and trends compared to other periods as these items can vary significantly from period to period depending on specific underlying transactions or events that may occur. Therefore, while we may incur or recognize these types of expenses and gains in the future, the company believes that removing these items for purposes of calculating the non-GAAP financial measures provides investors with a more focused presentation of our ongoing operating performance.

The company also discusses Adjusted EBITDA (with and without corporate expenses), a non-GAAP financial performance measure that it believes offers a useful view of the overall operation of its businesses. The company defines Adjusted EBITDA as net income attributable to TEGNA before (1) net loss (income) attributable to redeemable noncontrolling interest, (2) income taxes, (3) interest expense, (4) equity loss in unconsolidated investments, net, (5) other non-operating items, net, (6) M&A-related costs, (7) spectrum repacking reimbursements and other, net, (8) depreciation and (9) amortization. The company believes these adjustments facilitate company-to-company operating performance comparisons by removing potential differences caused by variations unrelated to operating performance, such as capital structures (interest expense), income taxes, and the age and book appreciation of property and equipment (and related depreciation expense). The most directly comparable GAAP financial measure to Adjusted EBITDA is Net income attributable to TEGNA. Users should consider the limitations of using Adjusted EBITDA, including the fact that this measure does not provide a complete measure of our operating performance. Adjusted EBITDA is not intended to purport to be an alternate to net income as a measure of operating performance or to cash flows from operating activities as a measure of liquidity. In particular, Adjusted EBITDA is not intended to be a measure of cash flow available for management's discretionary expenditures, as this measure does not consider certain cash requirements, such as working capital needs, capital expenditures, contractual commitments, interest payments, tax payments and other debt service requirements.

This earnings release also discusses free cash flow, a non-GAAP performance measure that the Board of Directors uses to review the performance of the business. Free cash flow is reviewed by the Board of Directors as a percentage of revenue over a trailing two-year period (reflecting both an even and odd year reporting period given the political cyclicality of the business). The most directly comparable GAAP financial measure to free cash flow is Net income attributable to TEGNA. Free cash flow is calculated as non-GAAP Adjusted EBITDA (as defined above), further adjusted by adding back (1) stock-based compensation, (2) non-cash 401(k) company match, (3) syndicated programming amortization, (4) dividends received from equity method investments (5) reimbursements from spectrum repacking, and (6) proceeds from company-owned life insurance policies. This is further adjusted by deducting payments made for (1) syndicated programming, (2) pension, (3) interest, (4) taxes (net of refunds) and (5) purchases of property and equipment. Like Adjusted EBITDA, free cash flow is not intended to be a measure of cash flow available for management's discretionary use.
