**PART I. FINANCIAL INFORMATION****Items 1 and 2. Financial Statements and Management's Discussion and Analysis of Financial Condition and Results of Operations****MANAGEMENT'S DISCUSSION AND ANALYSIS OF OPERATIONS****Results from Operations**

Gannett Co., Inc. (the Company) reported 2009 third quarter earnings per diluted share of \$0.31 compared to \$0.69 for the third quarter of 2008.

The results for the third quarter of 2009 include \$44.7 million of pre-tax non-cash charges associated primarily with facility consolidations and asset impairments (\$28.9 million after-tax or \$0.12 per share) and \$2.3 million in pre-tax costs covering workforce restructuring (\$1.4 million after-tax or \$0.01 per share).

The results for the third quarter of 2008 included pre-tax workforce restructuring of \$23.0 million (\$14.4 million after tax or \$0.07 per share).

To facilitate analysis and comparisons of the Company's operating results for the third quarters of 2009 and 2008, the table below illustrates the impact on a per share basis of the special charges noted above:

	<u>2009</u>	<u>2008</u>
Impact of noted items:		
Workforce restructuring	\$ 0.01	\$ 0.07
Facility consolidation and asset impairment charges	0.10	—
Impairment of equity method investment	0.02	—
Unfavorable impact on reported diluted earnings per share	<u>\$ 0.13</u>	<u>\$ 0.07</u>

Excluding the special items noted above, diluted earnings per share declined 42% reflecting the adverse economic conditions in the U.S. and UK. However, each of the Company's three business segments reported significant levels of operating income for the quarter as the economy-driven revenue declines were offset to a significant degree by cost savings initiatives.

For the year-to-date periods, the 2009 net income attributable to Gannett Co., Inc. was \$222 million or \$0.94 per diluted share compared to a loss in 2008 of \$1.9 billion or \$8.49 per diluted share. Special charges and credits affecting these reported results are more fully discussed in the following sections of this report, including Note 3, Note 6 and Note 7 to the Condensed Consolidated Financial Statements.

To facilitate analysis and comparisons of the Company's operating results for the 2009 and 2008 year to date periods, the table below illustrates the impact on a per share basis of the special charges and credits reflected therein:

	<u>2009</u>	<u>2008</u>
Impact of noted items:		
Workforce restructuring	\$ 0.07	\$ 0.18
Facility consolidation and asset impairment charges	0.23	10.36
Impairment of newspaper publishing partnerships and other equity method investments	0.02	0.71
Debt exchange gain	(0.11)	—
Pension settlement/curtailment gains	(0.11)	(0.13)
Impairment of publishing assets to be sold	0.10	—
Tyson's land sale gain	—	(0.07)
Unfavorable impact on reported diluted earnings (loss) per share	<u>\$ 0.21(a)</u>	<u>\$ 11.05</u>

(a) Total does not sum due to rounding

Excluding the special items noted above, diluted earnings per share declined 55% on a year to date basis.

## **Liquidity Matters**

In March 2009, the Company borrowed under its revolving credit agreements funds sufficient to retire the then outstanding \$563 million of floating rate notes that were due in May 2009. The floating rate notes were repaid as scheduled.

On May 5, 2009, the Company completed a private exchange offer relating to its 5.75% fixed rate notes due June 2011 and its 6.375% fixed rate notes due April 2012. The Company exchanged approximately \$67 million in principal amount of new 10% senior notes due 2015 for approximately \$67 million principal amount of the 2011 notes, and approximately \$193 million in principal amount of new 10% senior notes due 2016 for approximately \$193 million principal amount of the 2012 notes. The Company reported a non-cash gain of \$43 million on this exchange, which is reflected as a non-operating item in the Condensed Consolidated Statements of Income.

For the first nine months of 2009, the Company's long-term debt was reduced by \$504 million reflecting repayments of \$462 million from operating cash flow and the gain from the private exchange offer of \$43 million. At the end of the third quarter, the Company's debt was \$3.3 billion. The Company's senior leverage ratio was 3.03 as of September 27, 2009. The Company believes its senior leverage ratio will be lower at the end of 2009.

On October 2, 2009, after quarter end, the Company completed a private placement offering of \$250 million in aggregate principal amount of 8.750% senior notes due 2014 and \$250 million in aggregate principal amount of 9.375% senior notes due 2017. The 2014 notes were priced at 98.465% of face value and the 2017 notes were priced at 98.582% of face value. The Company used the net proceeds from the offering to partially repay borrowings outstanding under its revolving credit facilities and term loan. The Company now has almost 25 percent of its debt maturing in the fourth quarter of 2014 or beyond, and the Company has no further debt repayment requirements until June of 2011.

Further information regarding liquidity matters can be found in "Liquidity, Capital Resources, Financial Position, and Statements of Cash Flows" beginning on page 9.

## **Operating Revenue and Expense Discussion**

The narrative which follows provides background on key revenue and expense areas and principal factors affecting comparisons and amounts. The narrative is focused mainly on changes in historical financial results. However, certain comparisons identified as "pro forma" below reflect adjustments to historical financial results. To compute pro forma numbers, historical financial results are adjusted to assume that all companies presently consolidated as of the most recent balance sheet date were consolidated throughout all periods covered by the narrative. Historical financial results are also adjusted to remove the impact of disposed businesses. The pro forma amounts include adjustments for (1) CareerBuilder, which the Company began consolidating in September 2008; (2) ShopLocal, which the company began consolidating at the beginning of its third quarter of 2008; and (3) the exit of a commercial printing business in the third quarter of 2009. The Company consistently uses, for individual businesses and for aggregated business data, pro forma reporting of operating results in its internal financial reports because it enhances measurement of performance by permitting comparisons with prior period historical data. Likewise, the Company uses this same pro forma data in its external reporting of key financial results and benchmarks.

### **Operating Revenues**

Operating revenues declined 18% to \$1.3 billion for the third quarter of 2009 and 18% to \$4.1 billion for the first nine months of the year. The revenue declines reflect primarily the impact on advertising demand of the ongoing recessions in the U.S. and UK economies as well as the near absence of approximately \$50 million in Olympic and political broadcast revenue that the Company recognized in the third quarter of 2008. Digital segment revenues increased significantly due to the consolidation of CareerBuilder since September of 2008. On a pro forma basis, operating revenues decreased 22% for the quarter and 24% for the year-to-date periods (21% for the quarter and year-to-date periods on a constant currency basis). A more detailed discussion of revenues by business segment is included in following sections of this report.

### **Operating Expenses**

Operating expenses declined 14% to \$1.2 billion for the third quarter of 2009 as a result of continuing cost containment efforts including workforce restructuring, facility consolidations and salary adjustments as well as lower newsprint expense. Operating expenses declined 44% to \$3.7 billion for the first nine months as a result of the same factors affecting the third quarter comparison, expense declines due to employee furloughs in the first six months of 2009 and the significant non-cash impairment charges in 2008. The consolidation of CareerBuilder since September of 2008 had the effect of increasing reported expenses. Excluding the workforce restructuring expenses, facility consolidation and asset impairment charges, and pension gains in both years, pro forma operating expenses were 20% lower for the quarter and 19% lower year-to-date.

## [Table of Contents](#)

Excluding workforce restructuring, payroll expenses were down 19% for the quarter and 17% for the first nine months, reflecting headcount reductions across the Company as well as the impact of salary adjustments, offset partially by the consolidation of CareerBuilder. On a pro forma basis, payroll expense, excluding workforce restructuring, were down 23% for the quarter and year-to-date. The year-to-date comparison was favorably impacted by approximately \$45 million in savings resulting from the employee furlough program occurring in the first six months of 2009.

Newsprint expense was 43% lower for the third quarter of 2009 reflecting a 35% decline in usage, including savings from web width reductions and greater use of light weight newsprint, as well as a substantial drop in usage prices. Year-to-date newsprint expense declined 27% on a 32% decline in usage, partially offset by an increase in usage price. For the remainder of 2009, newsprint prices are expected to be below prior year levels and consumption will continue to be significantly below last year. The Company expects newsprint expense comparisons to prior year will be significantly better in the fourth quarter of the year than in the first nine months.

### **Publishing Results**

Publishing revenues declined almost 24% to \$1.0 billion from \$1.4 billion in the third quarter and decreased over 25% to \$3.3 billion from \$4.4 billion year-to-date. On a constant currency basis, publishing revenues declined 22% for the third quarter and year-to-date period. In the third quarter of 2009, the Company exited a commercial printing business in the UK, which accounted for approximately \$21 million of the total publishing revenue decline for the quarter and year to date. The average exchange rate used to translate UK publishing results from the British pound to U.S. dollars decreased 13% to 1.64 for the third quarter of 2009 from 1.90 last year and for the year-to-date period decreased 21% to 1.54 from 1.95.

Publishing operating revenues are derived principally from advertising and circulation sales, which accounted for 67% and 27%, respectively, of total publishing revenues for the third quarter and year-to-date periods. Advertising revenues include amounts derived from advertising placed with print products as well as publishing related internet Web sites. "All other" publishing revenues are mainly from commercial printing operations. The table below presents the components of publishing revenues.

Classified	696,310	1,237,050	(44)
Total publishing advertising revenue	\$ 2,175,478	\$ 3,182,194	(32)

Publishing advertising revenues decreased 28% in the quarter to \$700 million from \$977 million in the third quarter of 2008 and decreased 32% to \$2.2 billion from \$3.2 billion on a year-to-date basis. On a constant currency basis, total publishing advertising revenue would have been 27% lower for the third quarter and 29% lower for the year-to-date period. For U.S. publishing, advertising decreased 26% for the third quarter and 28% for the year-to-date period, while in the UK, advertising revenues fell 38% for the third quarter and 49% for the year-to-date period. On a constant currency basis, advertising revenues in the UK declined 29% for the third quarter and 35% for the year-to-date period.

In all advertising categories in the U.S. and UK, revenues were adversely affected by continuing recessionary economic conditions. However, trends for some revenue categories improved over the course of the third quarter. Overall, third quarter advertising revenue declines were 4 percentage points better than second quarter comparisons and second quarter comparisons improved over the first quarter. September was the Company's best comparison month so far this year. For Newsquest, third quarter comparisons for advertising revenue in pounds were 8 percentage points better than the second quarter and 10 percentage points better than the first quarter.

Retail advertising revenues declined 22% and 23% for the quarter and year-to-date periods, respectively. In the U.S. retail was down 21% for the quarter and year-to-date period while in the UK retail revenues fell 30% (19% in pounds) for the quarter, and 37% (21% in pounds) for the year-to-date period. In the U.S., department store and furniture categories remain challenged although the third quarter comparisons for both categories were better than the two previous quarters.

National advertising revenues declined 25% and 26% for the quarter and year-to-date periods, respectively. Ad revenue at USA TODAY was down 37% for the quarter and 32% year-to-date as third quarter paid ad pages were 493 compared to 713 for the same period last year and were 1,621 year-to-date compared to 2,370 last year. Advertising demand at USA TODAY continues to be hampered by the continued lingering slowdown in the travel and lodging industries. National revenues were also lower for USA Weekend, Newsquest and the U.S. Community Publishing Group in the quarter and year-to-date periods.

Classified advertising revenues for the third quarter were down 37% reflecting declines of 35% in the U.S. and 44% at Newsquest. Automotive, employment and real estate declined 35%, 57% and 37%, respectively. On a constant currency basis, total classified revenues declined 35%. The percentage changes in the classified categories for domestic publishing, Newsquest and in total on a constant currency basis for the third quarter of 2009 compared to the third quarter in 2008 were as follows:

	U.S. Publishing	Newsquest (in dollars)	Newsquest (in pounds)	Total Constant Currency
Automotive	(32%)	(46%)	(37%)	(33%)
Employment	(57%)	(56%)	(49%)	(54%)
Real Estate	(35%)	(40%)	(31%)	(34%)
Legal	9%	—	—	9%
Other	(21%)	(28%)	(17%)	(20%)
	(35%)	(44%)	(35%)	(35%)

Year-to-date classified advertising revenues were down 44% reflecting declines of 38% in the U.S. and 55% at Newsquest. Automotive, employment and real estate declined 38%, 62% and 46%, respectively. On a constant currency basis, total classified revenues declined 39%. The percentage changes in the classified categories for domestic publishing, Newsquest and in total on a constant currency basis for year to date 2009 compared to year to date 2008 were as follows:

	U.S. Publishing	Newsquest (in dollars)	Newsquest (in pounds)	Total Constant Currency
Automotive	(33%)	(54%)	(42%)	(35%)
Employment	(61%)	(62%)	(52%)	(58%)
Real Estate	(37%)	(61%)	(51%)	(42%)

Other	(25%)	(36%)	(19%)	(23%)
	(38%)	(55%)	(42%)	(39%)

## Table of Contents

Overall, classified advertising revenue trends improved throughout the third quarter and third quarter year-over-year comparisons were about 8 percentage points better than second quarter year-over-year comparisons. In addition, September was the best year-over-year comparison month of the year. Trends in employment and real estate improved over the course of the quarter. Third quarter year-over-year comparisons for U.S. classified advertising overall were about 5 percentage points better than the second quarter due to better comparisons for automotive, employment and real estate. Third quarter year-over-year comparisons for UK classified advertising overall were about 10 percentage points better than the second quarter on a constant currency basis. The relative improvement was driven primarily by results in the real estate category.

The Company's publishing operations, including its U.S. Community Publishing Group, the USA TODAY Group and the Newsquest Group, generate advertising revenues from the operation of Web sites that are associated with their traditional print businesses. These revenues are reflected within the retail, national and classified categories presented and discussed above, and they are separate and distinct from revenue generated by businesses included in the Company's new digital segment. These online/digital advertising revenues declined 19% for the quarter and 22% for the year-to-date period, principally due to reduced employment advertising.

Circulation revenues declined 5% and 4% for the quarter and year-to-date periods, respectively. Revenue comparisons reflect lower circulation volumes partially offset by price increases. Net paid daily circulation for publishing operations, excluding USA TODAY, declined 13% for the quarter and 12% year-to-date, while Sunday net paid circulation was down 8% for the quarter and 7% year-to-date. Volumes were affected, in part, by single copy and home delivery price increases initiated at most U.S. newspapers and by selective culling of distribution in certain areas. Domestic circulation revenue declined 3% for the quarter and 1% for the year, reflecting lower volume and recent single copy and home delivery price increases in several markets and at USA TODAY. In the September Publishers Statement submitted to ABC, circulation for USA TODAY for the previous six months decreased 17% from 2,293,310 in 2008 to 1,900,116 in 2009 reflecting lower business and leisure travel.

The decrease in "All other" revenues for the third quarter and year-to-date period is primarily due to lower commercial printing activity, the exit of a UK commercial printing business in the third quarter of 2009, and a decline in the British pound to U.S. dollar exchange rate.

Publishing operating expenses were down 20% in the quarter to \$940 million from \$1.2 billion in the third quarter of 2008, mainly due to efficiency efforts that resulted in workforce restructuring and facility consolidations. Excluding non-cash facility consolidation and asset impairment charges from the third quarter of 2009, and workforce restructuring costs taken in both years, third quarter operating expenses declined 22%. This decline was driven by cost containment efforts including the impact of headcount reductions in previous periods, lower newsprint expense and generally lower spending in nearly all other key cost categories. Year-to-date publishing operating expenses declined 52% to \$2.9 billion compared to \$6.1 billion a year ago. Excluding non-cash facility consolidation and asset impairment charges, pension gains, and workforce restructuring costs taken in both years, year-to-date operating expenses declined 20%.

Newsprint expense was 43% lower for the third quarter of 2009 reflecting a 35% decline in usage, including savings from web width reductions and greater use of light weight newsprint, as well as a substantial drop in usage prices. Year-to-date newsprint expense declined 27% on a 32% decline in usage, partially offset by an increase in usage price. For the remainder of 2009, newsprint prices are expected to be below prior year levels and consumption will continue to be significantly below last year. The Company expects newsprint expense comparisons to prior year will be significantly better in the fourth quarter of the year than in the first nine months.

The Company expects that publishing segment expenses for the last quarter of 2009 will continue to be significantly lower than prior year levels, reflecting continued payroll and newsprint savings.

Publishing segment operating income was \$102 million in the quarter, compared to \$183 million last year. Excluding non-cash facility consolidation and asset impairment charges from the third quarter of 2009, and workforce restructuring costs taken in both years, third quarter operating income declined 33%. The decline reflects the challenging advertising environment, partially mitigated by cost savings. The weakening of the British pound also contributed to the decline in operating income. Year-to-date publishing operating income was \$328 million, compared to a loss of \$1.7 billion last year. Excluding non-cash facility consolidation and asset impairment charges, pension gains, and workforce restructuring costs taken in both years, publishing operating income declined 50% for the year to date period.

### **Digital Results**

Beginning with the third quarter of 2008, a new "Digital" business segment has been reported, which includes results for CareerBuilder, PointRoll, ShopLocal, Planet Discover, Schedule Star and Ripple6. Results for CareerBuilder and ShopLocal were initially consolidated in the third quarter of 2008 when the Company acquired a controlling interest in CareerBuilder and increased its ownership in ShopLocal to 100% from 42.5%. Ripple6 was acquired in November 2008.

## Table of Contents

Results for PointRoll, Planet Discover and Schedule Star, which had been previously included in the publishing segment, have been reclassified to the digital segment for prior periods. Operating results from Web sites that are associated with publishing businesses and broadcast stations continue to be reported in the publishing and broadcast segments.

Digital segment operating revenues were \$143 million in the third quarter compared to \$78 million in 2008, an increase of \$65 million. Year-to-date operating revenues were \$428 million compared to \$111 million in 2008, an increase of \$317 million. Digital operating expenses were \$118 million in the third quarter compared to \$71 million in 2008, an increase of \$47 million. Year-to-date operating expenses were \$387 million compared to \$102 million in 2008, an increase of \$285 million. Digital operating revenue and expense increases reflect primarily the consolidation of CareerBuilder for all of 2009 but for only part of 2008. On a pro forma basis, digital segment operating revenues were down 20% for the third quarter and 17% for the year-to-date period. These declines reflect the impact the weak economy has had on employment advertising. Pro forma expenses were down 28% for the third quarter and 25% for the year-to-date period. Although this decline was driven primarily by CareerBuilder's significant cost savings, almost all digital segment properties had expense savings that exceeded revenue declines.

Digital segment operating income of \$25 million in the third quarter and \$42 million in the year-to-date period reflects more favorable results for CareerBuilder, PointRoll, ShopLocal, Planet Discover, and Schedule Star. Pro forma operating results improved by over \$10 million, or 71% in the third quarter and over \$37 million in the year-to-date period, reflecting significantly better results for CareerBuilder, ShopLocal, PointRoll and Schedule Star.

### **Broadcasting Results**

Broadcasting includes results from the Company's 23 television stations and Captivate. Reported broadcasting revenues were \$151 million in the third quarter, a 23% decrease compared to \$197 million in 2008, which included approximately \$50 million in ad demand related to the Olympics and elections. A three-fold increase in retransmission revenues to \$14 million and solid revenue growth from Captivate during the quarter partially offset the absence of Olympic and substantially lower election ad spending as well as continued weakness in the automobile category. Excluding Olympic and election revenues, the company's core television revenues would have been down in the high single digits making the third quarter the best quarter of the year. In September, several revenue categories such as packaged goods, medical/dental, and media reflected substantial double digit gains.

Broadcasting operating expenses for the third quarter totaled \$108 million, down 4% from \$113 million a year ago. The 4% decline was due primarily to efforts to control costs and create efficiencies. Operating expenses excluding special items in both quarters were 9% lower.

Reported operating income for the third quarter totaled \$43 million, down 49% from \$84 million last year. Year-to-date operating income was \$137 million, down 38% from \$221 million last year.

Television revenues were 25% lower for the quarter and 20% lower year to date. Based on current trends, the Company expects the percentage decline in television revenues to be in the low twenties for the fourth quarter of 2009 compared to the fourth quarter of 2008, reflecting the \$58 million of political revenue achieved in the fourth quarter of 2008. Excluding the impact of political, the Company expects revenues to be up in the low single digits.

### **Corporate Expense**

Corporate expenses in the third quarter of 2009 were \$13 million compared to \$14 million a year ago. Year-to-date 2009 corporate expenses were \$41 million compared to \$40 million a year ago. Year to date corporate expenses were higher due principally to the allocation of a portion of the pension curtailment gain in 2008. Absent the pension gain and several other items, corporate expenses on a year to date basis were down 9%.

### **Non-Operating Income and Expense**

#### *Equity Earnings*

Equity income in unconsolidated investees reflected a small loss for the third quarter of 2009 compared to income of \$6 million in the third quarter of 2008. The \$6 million decline for the third quarter of 2009 reflects a non-cash impairment charge of \$5 million for an investment, lower operating results from the company's newspaper partnerships and the absence of equity earnings from CareerBuilder in 2009. These factors were partially offset, however, by improved results from other digital investee companies, particularly Classified Ventures.

On a year to date basis, equity income reflects a small loss for 2009 compared to a loss of \$259 million in 2008. The loss of \$259 million in 2008 reflects non-cash impairment charges totaling \$261 million relating principally to the carrying value of newspaper partnership investments. Excluding the impairment charges in both years, equity income increased \$3 million reflecting improved results from other digital investee companies, particularly Classified Ventures and the absence of equity losses in 2009 related to CareerBuilder and ShopLocal, partially offset by lower newspaper partnership results.

#### *Interest Expense*

The Company's interest expense for the third quarter was \$38 million and \$131 million year-to-date, down 19% and 6%, respectively. Total average outstanding debt for the third quarter was \$3.46 billion in 2009 and \$4.11 billion in 2008. For the year-to-date periods of 2009 and 2008, total average outstanding debt was \$3.77 billion and \$4.04 billion, respectively. The weighted average interest rate for total outstanding debt was 4.05% for the third quarter of 2009 compared to 4.37% last year and 4.30% year-to-date compared to 4.42% last year. As a result of the new debt issued in connection with the October 2009 \$500 million private placement offering, fourth quarter interest expense will increase from the third quarter 2009 level.

At the end of the third quarter of 2009, the Company had approximately \$2.4 billion in long-term floating rate obligations outstanding. A  $\frac{1}{2}$ % increase or decrease in the average interest rate for these obligations would result in an increase or decrease in annualized interest expense of \$11.8 million.

#### *Other Non-Operating Items*

The \$6 million improvement in other non-operating items for the third quarter of 2009 was due primarily to higher investment income and currency gains related to UK operations.

On a year-to-date basis, other non-operating items declined \$5 million to a net total of \$23 million of income. The amount reported for 2009 includes the \$43 million non-cash debt exchange gain partially offset by a \$28 million non-cash asset write down. In 2008, reported amounts include a \$26 million gain on the sale of land. Excluding these items, other non-operating income increased \$6 million over the prior year, due primarily to higher investment income and currency gains related to UK operations.

#### **Provision for Income Taxes**

The Company's effective income tax rate was 30.2% for the third quarter compared to 26.3% for the comparable period of 2008. The higher rate for the third quarter 2009 is due to a greater level of state tax reserve releases from favorable tax settlements in the 2008 quarter. This unfavorable impact on the rate comparison was partially offset by an increase in fully consolidated pre-tax income from a less than wholly-owned partnership for which reported tax expense was based on the Company's actual share of partnership earnings.

For the first nine months of 2008, the Company had a very low effective tax rate of (1.2)% due to impairment charges, the majority of which were not deductible for income tax purposes. Excluding the pre-tax and tax effects of all the 2008 impairment charges, the Company's effective tax rate on such earnings would have been 30.1% for the first nine months of 2008. The effective rate for the first nine months of 2009 is 32.5%. The increase from the 30.1% rate that excluded impairments is due to a small increase in the annualized effective rate in 2009 and a greater level of state tax reserve releases from favorable tax settlements in 2008. These unfavorable impacts on the rate comparison were partially offset by an increase in fully consolidated pre-tax income from a less than wholly-owned partnership for which reported tax expense was based on the Company's actual share of partnership earnings.

#### **Net Income Attributable to Gannett Co., Inc.**

Net income attributable to Gannett Co., Inc. was \$74 million or \$0.31 per diluted share for the third quarter of 2009 compared to \$158 million or \$0.69 per diluted share for the third quarter of 2008. For the year-to-date period of 2009, net income attributable to Gannett Co., Inc. was \$222 million or \$0.94 per diluted share compared to a loss of \$1.9 billion or \$8.49 per diluted share in 2008.

Refer to the table included on page 2 of this report for details of the net unfavorable impact of special items affecting reported earnings per share.

The weighted average number of diluted shares outstanding for the third quarter of 2009 totaled 238,815,000 compared to 228,331,000 for the third quarter of 2008. For the first nine months of 2009 and 2008, the weighted average number of diluted shares outstanding totaled 234,837,000 and 228,488,000 respectively. There were no shares repurchased in the third quarter of 2009. See Part II, Item 2 for information on share repurchases.

### Certain Matters Affecting Future Operating Results

The Company's results to be reported for the fourth quarter of 2009 will continue to be adversely affected by the recessionary conditions in the U.S. and UK economies. Advertising revenues are likely to be adversely affected in most key categories and revenue comparisons will continue to be challenged. In addition, last year's fourth quarter revenues included approximately \$58 million from significant levels of political advertising on the Company's television stations that will not recur in 2009.

Reduced revenue levels will be offset significantly by cost containment initiatives, including workforce restructurings and facility consolidations, implemented in late 2008 and during 2009. The Company also expects continued favorable newsprint pricing comparisons as newsprint prices weakened throughout the first nine months.

The Company's newsprint consumption for the fourth quarter will be down significantly from year ago levels. While the Company expects its operating income, excluding impairment and other special charges, will be below year ago levels for the fourth quarter, the percentage decline will be less than for such comparisons for the first three quarters of 2009.

### Liquidity, Capital Resources, Financial Position, and Statements of Cash Flows

The Company's cash flow from operating activities was \$618 million for the first nine months of 2009, compared to \$774 million for the first nine months of 2008. The decrease reflects lower publishing and broadcast earnings and related cash flow from those operations.

Cash flows used in the Company's investing activities totaled \$23 million for the nine months of 2009, reflecting \$46 million of capital spending, \$7 million of payments for acquisitions, and \$8 million for investments. These cash outflows were partially offset by \$22 million of proceeds from the sale of assets and \$15 million of proceeds from investments.

Cash flows used for financing activities totaled \$571 million for the first nine months of 2009 reflecting net debt payments of \$462 million and payment of dividends totaling \$110 million. The Company's quarterly dividend of \$0.04 per share, which was declared in the third quarter of 2009, totaled \$9 million and was paid in October, 2009.

The long-term debt of the Company is summarized below:

On July 28, 2009, the Board of Directors declared a dividend of \$0.04 per share, payable on October 1, 2009, to shareholders of record as of the close of business on September 11, 2009. The dividend rate per share is consistent with the rate paid for the preceding two quarters, and represents a 90% reduction from the fourth quarter 2008's dividend rate of \$0.40 cents per share. The Board's action in setting the new quarterly dividend rate, a response to the full-fledged recessions in the U.S. and UK and the continuing difficulties in the credit markets, strengthens the Company's balance sheet and allows the Company greater financial flexibility to reallocate more than \$325 million of free cash flow annually toward debt repayment and other investments.

On October 31, 2008, the Company amended each of its three revolving credit agreements and its term loan agreement. Under each of the amendments, it is required that the Company maintain a senior leverage ratio of less than 3.5x. The agreements also require the Company to maintain a total leverage ratio of less than 4.0x. The total leverage ratio would also include any subordinated debt the Company may issue in the future. Currently, all of the Company's debt is senior and unsecured. At September 27, 2009, the senior leverage ratio was 3.03x. The Company believes its senior leverage ratio will be lower at the end of 2009.

The amendments also provide for certain changes to the pricing of the facilities. For the revolving credit facilities, the commitment fees may range from 0.125% to 0.25% depending on credit ratings for the Company's senior unsecured debt from Moody's Investor Services (Moody's) and Standard & Poor's (S&P). The rate currently in effect is 0.25%. In addition, the aggregate size of the revolving credit facilities was reduced to \$3.1 billion from \$3.9 billion. There was a further provision that the aggregate size of the three revolving credit agreements would be reduced on a dollar-for-dollar basis for the first \$397 million that the Company raises in the capital markets prior to December 31, 2009 and in any event reduced to \$2.75 billion at December 31, 2009.

Under each of the agreements, the Company may borrow at an applicable margin above the Eurodollar base rate or the higher of the Prime Rate or the Federal Funds Effective Rate plus 0.50%. Under the amended revolving credit agreements, the applicable margin for such borrowings ranges from 1.00% to 2.25% depending on credit ratings. Under the term loan agreement, the applicable margin varies from 1.25% to 2.25%. At its current ratings the Company will pay an applicable margin of 2.25% under each of the revolving credit agreements and the term loan agreement.

In connection with each of its three revolving credit agreements and its term loan agreement, the Company agreed to provide guarantees from a majority of its domestic wholly-owned subsidiaries in the event that the Company's credit ratings from either Moody's or S&P fell below investment grade. In the first quarter of 2009, the Company's credit rating was downgraded below investment grade by both S&P and Moody's. Accordingly, the guarantees were triggered and the existing notes and other unsecured debt of the Company became structurally subordinated to the revolving credit agreements and the term loan.

On September 25, 2009, the Company further amended the terms of its three revolving credit agreements and its term loan agreement to provide for the issuance of up to \$500 million of additional long-term debt carrying the same guarantees put in place for the revolving credit agreements and term loan. In addition, the Company also amended one of the credit agreements to permit it to obtain up to \$100 million of letters of credit from the lenders, which would count toward their commitments.

On August 21, 2009, Moody's confirmed the Company's Ba1 corporate family rating and its Ba2 senior unsecured note rating which had been placed under review for a possible downgrade in April. In addition, Moody's rated the Company's bank debt, which includes its revolving credit agreements and term loan, Baa3. The Baa3 rating also applies to any long-term debt which has the same subsidiary guarantees as the bank debt. The Company's debt is rated BB by Standard and Poor's.

During the first quarter of 2009, the Company repurchased \$68.8 million in principal amount of its floating rate notes in privately negotiated transactions at a discount. In connection with these transactions, the Company recorded a gain of approximately \$1.1 million which is classified in "Other non-operating items" in the Statement of Income. This gain is net of \$0.6 million reclassified from accumulated other comprehensive loss for related interest swap agreements.

On May 5, 2009, the Company completed a private exchange offer relating to its 5.75% fixed rate notes due June 2011 and its 6.375% fixed rate notes due April 2012. The Company exchanged approximately \$67 million in principal amount of new 10% senior notes due 2015 for approximately \$67 million principal amount of the 2011 notes, and approximately \$193 million in principal amount of new 10% senior notes due 2016 for approximately \$193 million principal amount of the 2012 notes.

The new 2015 notes and the new 2016 notes (together, the Notes) are senior unsecured obligations and are guaranteed by those Company subsidiaries providing guarantees under the revolving credit agreements and the term loan agreement. The Notes and the subsidiary guarantees have not been and will not be registered under the Securities Act of 1933, as amended (the Securities Act), or any state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

## Table of Contents

In connection with the exchange transactions and in accordance with the modifications and extinguishments requirements of Accounting Standards Codification (ASC) Topic 470, "Debt," the Company recorded a gain of approximately \$42.7 million which is classified in "Other non-operating items" in the Statement of Income for the second quarter. This gain resulted from recording the Notes at fair value as of the time of the exchange and extinguishing the old notes at their historical book values. Fair value of the Notes was based on their trading prices on and shortly after the exchange date. The discount created by recording the Notes at fair value instead of face value is being amortized over the term of the loans to interest expense.

On October 2, 2009, the Company completed a private placement offering of \$250 million in aggregate principal amount of 8.750% senior notes due 2014 and \$250 million in aggregate principal amount of 9.375% senior notes due 2017. The 2014 notes were priced at 98.465% of face value, resulting in a yield to maturity of 9.125%. The 2017 notes were priced at 98.582% of face value, resulting in a yield to maturity of 9.625%. The 2014 notes and the 2017 notes (together, the New Notes) were made available in a private offering that is exempt from the registration requirements of the Securities Act. The New Notes are guaranteed on a senior basis by the subsidiaries of the Company that guarantee its revolving credit facilities and term loan. The Company used the net proceeds from the offering to partially repay borrowings outstanding under its revolving credit facilities and term loan. The issuance of the New Notes triggered the aforementioned reduction in the aggregate size of the Company's three revolving credit agreements by \$397 million to a new total of \$2.75 billion which otherwise would have been reduced on December 31, 2009. The New Notes and the subsidiary guarantees have not been and will not be registered under the Securities Act, or any state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

The Company has an effective universal shelf registration statement under which an unspecified amount of securities may be issued, subject to a \$7 billion limit established by the Board of Directors. Proceeds from the sale of such securities may be used for general corporate purposes, including capital expenditures, working capital, securities repurchase programs, repayment of debt and financing of acquisitions. The Company may also invest borrowed funds that are not required for other purposes in short-term marketable securities.

The fair value of the Company's total long-term debt, determined based on estimated market prices for similar debt with the same remaining maturities and similar terms, totaled \$2.9 billion at September 27, 2009.

On July 25, 2006, the Board of Directors authorized the repurchase of an additional \$1 billion of the Company's common stock. The shares may be repurchased at management's discretion, either in the open market or in privately negotiated block transactions. While there is no expiration date for the repurchase program, the Board of Directors reviews the authorization of the program annually. Management's decision to repurchase shares will depend on price, availability and other corporate developments. Purchases will occur from time to time and no maximum purchase price has been set. As of September 27, 2009, the Company had remaining authority to repurchase up to \$808.9 million of the Company's common stock. At this time, the Company does not anticipate repurchasing shares of its common stock in the next few quarters. For more information on the share repurchase program, refer to Item 2 of Part II of this Form 10-Q.

The Company's foreign currency translation adjustment, included in accumulated other comprehensive loss and reported as part of shareholders' equity, totaled \$412 million at the end of the third quarter 2009 versus \$355 million at the end of 2008. This change reflects a 9% increase in the exchange rate for the British pound. Newsquest's assets and liabilities at September 27, 2009 and December 28, 2008 were translated from the British pound to U.S. dollars at an exchange rate of 1.60 and 1.46, respectively. For the third quarter, Newsquest's financial results were translated at an average rate of 1.64 for 2009 compared to 1.90 for 2008. Year-to-date results were translated at an average rate of 1.54 in 2009 compared to 1.95 for 2008.

The Company is exposed to foreign exchange rate risk primarily due to its operations in the United Kingdom, for which the British pound is the functional currency. If the price of the British pound against the U.S. dollar had been 10% more or less than the actual price, operating income for the third quarter and year-to-date periods of 2009 would have increased or decreased approximately 2%.

Looking ahead, the Company expects to fund capital expenditures, interest, dividends and other operating requirements through cash flows from operations. The Company expects to fund debt maturities, acquisitions and investments through a combination of cash flows from operations, funds raised in the capital or credit markets, or through borrowing capacity under its credit facilities. The Company's financial and operating performance and its ability to generate sufficient cash flow for these purposes and to maintain compliance with credit facility covenants are subject to certain risk factors as noted in the following section of this report.

### **Certain Factors Affecting Forward-Looking Statements**

Certain statements in this Quarterly Report on Form 10-Q contain forward-looking information. The words “expect,” “intend,” “believe,” “anticipate,” “likely,” “will” and similar expressions generally identify forward-looking statements. The Company is not responsible for updating or revising any forward-looking statements, whether the result of new information, future events or otherwise, except as required by law.

Potential risks and uncertainties which could adversely affect the Company’s results include, without limitation, the following factors: (a) increased consolidation among major retailers or other events which may adversely affect business operations of major customers and depress the level of local and national advertising; (b) a continuance of the economic recessionary conditions in the U.S. and the UK or a further economic downturn leading to a continuing or accelerated decrease in circulation or local, national or classified advertising; (c) a decline in general newspaper readership and/or advertiser patterns as a result of competitive alternative media or other factors; (d) an increase in newsprint or syndication programming costs over the levels anticipated; (e) labor disputes which may cause revenue declines or increased labor costs; (f) acquisitions of new businesses or dispositions of existing businesses; (g) a decline in viewership of major networks and local news programming; (h) rapid technological changes and frequent new product introductions prevalent in electronic publishing; (i) an increase in interest rates; (j) a weakening in the British pound to U.S. dollar exchange rate; (k) volatility in financial and credit markets which could affect the value of retirement plan assets and the Company’s ability to raise funds through debt or equity issuances; (l) changes in the regulatory environment; (m) an other than temporary decline in operating results and enterprise value that could lead to further non-cash goodwill, or other intangible asset or property, plant and equipment impairment charges; (n) credit rating downgrades, which could affect the availability and cost of future financing; and (o) general economic, political and business conditions.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

September 27, 2009

### NOTE 1 – Basis of presentation

The accompanying unaudited Condensed Consolidated Financial Statements of Gannett Co., Inc. (the Company) have been prepared in accordance with the instructions for Form 10-Q and, therefore, do not include all information and footnotes, which are normally included in the Form 10-K and annual report to shareholders. The financial statements covering the thirteen week and year-to-date periods ended September 27, 2009, and the comparable periods of 2008, reflect all adjustments which, in the opinion of the Company, are necessary for a fair statement of results for the interim periods and reflect all normal and recurring adjustments which are necessary for a fair presentation of the Company's financial position, results of operations and cash flows as of the dates and for the periods presented. The Company has evaluated subsequent events through the time of filing this Form 10-Q on November 4, 2009, which is the date that these financial statements have been filed with the Securities and Exchange Commission ("SEC"). No material subsequent events have occurred since September 27, 2009 that required recognition or disclosure in these financial statements, other than the private placement offering described in Note 16.

In the third quarter of 2008, the Company began reporting a new digital segment and a separate digital revenues line in its Statements of Income. The digital segment includes CareerBuilder, ShopLocal, Schedule Star, Planet Discover, PointRoll and Ripple6. Results for CareerBuilder and ShopLocal were initially consolidated in the third quarter of 2008 when the Company acquired ShopLocal and a controlling interest in CareerBuilder. Ripple6 was acquired in November 2008. Results for Schedule Star, Planet Discover and PointRoll, which had been previously included in the publishing segment, have been reclassified to the digital segment for prior periods. The digital segment and the digital revenues line do not include online/digital revenues generated by Web sites that are associated with the Company's publishing and broadcasting operating properties. Such amounts are reflected within these segments and are included as part of publishing advertising revenues and broadcasting revenues in the Statements of Income.

The Company adopted Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards No. 160, "Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51" (SFAS No. 160), as subsequently codified in Accounting Standards Codification (ASC) Topic 810, "Consolidation," at the beginning of its 2009 fiscal year. SFAS No. 160 changed the accounting and reporting for minority interest, which was renamed noncontrolling interests and generally classified as a component of equity on the Condensed Consolidated Balance Sheet. Gannett's SFAS No. 160 adoption resulted in the presentation of a new line "Redeemable noncontrolling interest" in the mezzanine section of the balance sheet. The balance in this line represents redeemable stock held by a noncontrolling owner in CareerBuilder, LLC (CareerBuilder). The redeemable stock is generally exercisable within 30 days after January 1, 2014. On the Condensed Consolidated Statements of Income, SFAS No. 160 affected primarily the Company's reporting of the 49.2 percent noncontrolling interest in CareerBuilder. Previously, the Company presented this minority interest in "Other non-operating items" in the Condensed Consolidated Statements of Income. Under SFAS No. 160, "Net income" in the Condensed Consolidated Statements of Income reflects 100 percent of CareerBuilder results as the Company holds the controlling interest. "Net income (loss)" is subsequently adjusted to remove the noncontrolling (minority) interest to arrive at "Net income (loss) attributable to Gannett Co., Inc." While this presentation is different than previously required by GAAP, the final net income results attributable to the Company are the same under SFAS No. 160 and the previous reporting method. Reclassifications were made to prior periods to conform to the new SFAS No. 160 presentation requirements.

**NOTE 2 – Recently issued accounting standards**

In June 2009, the FASB issued SFAS No. 168, The “FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles—a replacement of FASB Statement No. 162.” This standard establishes only two levels of U.S. generally accepted accounting principles (“GAAP”), authoritative and nonauthoritative. The FASB Accounting Standards Codification (the “Codification”) became the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the SEC, which are sources of authoritative GAAP for SEC registrants. All other nongrandfathered, non-SEC accounting literature not included in the Codification became nonauthoritative. This standard is effective for financial statements for interim or annual reporting periods ending after September 15, 2009. The Company began using the new guidelines and numbering system prescribed by the Codification when referring to GAAP in the third quarter of 2009. As the Codification was not intended to change or alter existing GAAP, it did not have any impact on the Company’s consolidated financial statements.

In May 2009, the FASB issued Statement of Financial Accounting Standards No. 165, “Subsequent Events” (SFAS No. 165), as subsequently codified in ASC Topic 855, “Subsequent Events.” This standard is intended to establish general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. Specifically, this standard sets forth the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements, and the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. The Company began applying the provisions of SFAS No. 165 in the second quarter of 2009 and its adoption did not affect the Company’s financial statements, other than the disclosures required by it, which can be found in Note 1.

In April 2009, the FASB issued FASB Staff Position FAS 107-1 and APB 28-1, “Interim Disclosures about Fair Value of Financial Instruments” (FSP FAS 107-1 and APB 28-1), which amends the interim disclosure requirements in scope for SFAS No. 107, “Disclosures about Fair Value of Financial Instruments.” Both have been subsequently codified in ASC Topic 825, “Financial Instruments.” This FASB Staff Position is effective for interim and annual periods ending after June 15, 2009. The Company began applying the provisions of FSP FAS 107-1 and APB 28-1 in the second quarter of 2009 and its adoption did not affect the Company’s financial statements, other than the disclosures required by it, which can be found in Note 11.

In April 2009, the FASB issued FSP FAS No. 115-2 and 124-2, “Recognition and Presentation of Other-Than-Temporary Impairments” (FSP FAS 115-2 and 124-2), as subsequently codified in ASC Topic 320, “Investments- Debt and Equity Securities.” This FASB staff position provides additional guidance related to the disclosure of impairment losses on securities and the accounting for impairment losses on debt securities. FSP FAS 115-2 and 124-2 does not amend existing guidance related to other-than-temporary impairments of equity securities. The Company began applying the provisions of FSP FAS 115-2 and 124-2 in the second quarter of 2009 and its adoption did not affect the Company’s financial statements, other than the disclosures required by it, which can be found in Note 11.

In December 2007 the FASB issued SFAS No. 141 (revised 2007), “Business Combinations” (SFAS No. 141(R)), as subsequently codified in ASC Topic 805, “Business Combinations.” SFAS No. 141(R) became effective for the beginning of fiscal year 2009. SFAS No. 141(R) changes how business acquisitions are accounted for and will impact financial statements both on the acquisition date and in subsequent periods. The adoption of SFAS No. 141(R) did not affect the Company’s financial statements in any quarter of 2009.

The Company adopted FASB Statement of Financial Accounting Standards No. 157, “Fair Value Measurements” (SFAS No. 157), as subsequently codified in ASC Topic 820, “Fair Value Measurements and Disclosures,” at the beginning of 2008. SFAS No. 157 defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value measurements. In November 2007, the FASB agreed to a one-year deferral of the effective date of SFAS No. 157 for nonfinancial assets and liabilities that are recognized or disclosed at fair value on a nonrecurring basis. Accordingly, for nonfinancial assets and liabilities SFAS No. 157 became effective for the Company at the beginning of 2009. Note 11 contains information regarding the Company’s fair value measurements.

**NOTE 3 – Facility consolidation and asset impairment charges**

Very difficult business conditions required the Company to perform impairment tests on certain assets including goodwill, other intangible assets, other long lived assets and investments accounted for under the equity method during 2009 and 2008. As a result, the Company has recorded non-cash impairment charges to reduce the book value of certain of those assets. In addition, an impairment charge was taken to reduce the value of certain publishing assets held for sale to fair value less costs to sell.

A summary of these charges is presented below:

## **2009**

The goodwill impairment charge results from the application of the impairment testing provisions included within the goodwill subtopic of ASC Topic 350, "Intangibles-Goodwill and Other" (ASC Topic 350). Because of difficult business conditions, testing for certain reporting units was updated during the second quarter of 2009. For one of the reporting units in the publishing segment, an impairment was indicated. The fair value of the reporting unit was determined using a multiple of earnings technique. The Company then undertook the next step in the impairment testing process by determining the fair value of assets and liabilities within this reporting unit. The implied value of goodwill for this reporting unit was less than the carrying amount by \$17 million, and therefore an impairment charge in this amount was taken. Deferred tax benefits were recognized for this charge and therefore the after-tax effect of the goodwill impairment was \$10 million or \$0.04 per share.

The carrying values of property, plant and equipment at certain publishing businesses were evaluated in the second and third quarters of 2009 due to softening business conditions and, in some cases, changes in expected useful lives. The recoverability of these assets was measured in accordance with the requirements included within ASC Topic 360, "Property, Plant, and Equipment" (ASC Topic 360). This process indicated that the carrying values of certain assets were not recoverable, as the expected undiscounted future cash flows to be generated by them is less than their carrying values. The related impairment loss was measured based on the amount by which the asset carrying value exceeded fair value. Asset group fair values were determined using discounted cash flow technique. Certain asset fair values were based on estimates of prices for similar assets. In addition, as required by ASC Topic 360, the Company revised the useful lives of certain assets, which were abandoned during the year or for which management has committed to a plan to abandon in the near future, in order to reflect the use of those assets over their shortened useful life. As a result of the application of the requirements of ASC Topic 360, the Company recorded third quarter and year-to-date charges of \$35 million and \$59 million, respectively. Deferred tax benefits were recognized for these charges and therefore the third quarter and year-to-date after-tax impact was \$22 million or \$0.09 per share and \$37 million or \$0.16 per share, respectively.

The charges in the "Other" category include shut down costs as well as the impairment of certain broadcast programming assets.

In the second quarter of 2009, in accordance with ASC Topic 360, the Company recorded an impairment charge to reduce the value of certain publishing assets held for sale to fair value less costs to sell. Fair value was determined using a discounted cash flow technique that included the cash flows associated with the expected disposition. This impairment charge was \$28 million pre-tax and \$24 million after-tax, or \$0.10 per share. The charge is reflected in "Other non-operating items" in the Condensed Consolidated Statements of Income.

In the third quarter of 2009, for an investment in which the Company owns a noncontrolling interest, carrying value was written down to fair value because the business underlying the investment had experienced significant and sustained operating losses, leading the Company to conclude that it was other than temporarily impaired. This investment carrying value adjustment was \$5 million pre-tax and \$4 million on an after-tax basis, or \$0.02 per share

## **2008**

Because of softening business conditions within the Company's publishing segment and the decline in the Company's stock price and market capitalization experienced at that time, the goodwill impairment testing included within the goodwill subtopic of ASC Topic 350, was updated during the second quarter of 2008. For one of the reporting units in its publishing segment, an impairment was indicated. The fair value of the reporting unit was determined using discounted cash flow and multiple of earnings techniques. The Company then undertook the next step in the impairment testing process by determining the fair value of assets and liabilities within this reporting unit. The implied value of goodwill for this reporting unit was less than the carrying amount by \$2.1 billion, and therefore an impairment charge in this amount was taken. There was no tax benefit recognized related to the impairment charge since the recorded goodwill was non-deductible as it arose from stock purchase transactions. Therefore, the after tax effect of the impairment was \$2.1 billion or \$9.36 per share.

The impairment charge in the second quarter of 2008 of \$176 million for other publishing intangible assets was required because revenue results from the underlying businesses had softened from what was expected at the time they were purchased and the assets were initially valued. In accordance with the general intangibles other than goodwill subtopic included within ASC Topic 350, the carrying values of impaired indefinite lived intangible assets, principally mastheads, were reduced to fair value. Fair value was determined using a relief-from-royalty method. The carrying values of certain definite lived intangible assets, principally customer relationships, were reduced to fair value in accordance with the general intangibles other than goodwill subtopic of ASC Topic 350. Fair values

were determined using discounted cash flow. Deferred tax benefits were recognized for these intangible asset impairment charges and therefore the after-tax impact was \$113 million or \$0.50 per share.

The carrying values of property, plant and equipment at certain publishing businesses were evaluated in the second quarter of 2008 due to softening business conditions and, in some cases, changes in expected useful lives. The recoverability of these assets was measured in accordance with ASC Topic 360. This process indicated that the carrying values of certain assets were not recoverable, as the expected undiscounted future cash flows to be generated by them was less than their carrying values. The related impairment loss was measured based on the amount by which the asset carrying value exceeded fair value. Asset group fair values were determined using discounted cash flow or multiple of earnings techniques. Certain asset fair values were based on estimates of prices for similar assets. In addition, as required by ASC Topic 360, the Company revised the useful lives of certain assets, which were abandoned during the year or for which management has committed to a plan to abandon in the near future, in order to reflect the use of those assets over their shortened useful life. As a result of the application of the requirements of ASC Topic 360, the Company recorded charges of \$188 million in the second quarter of 2008. Deferred tax benefits were recognized for these charges and therefore the after-tax impact was \$117 million or \$0.51 per share.

In the second quarter of 2008, for certain of the Company's newspaper publishing partnership investments, and for certain other investments in which the Company owns a noncontrolling interest, carrying values were written down to fair value because the businesses underlying the investments had experienced significant and sustained declines in operating performance, leading the Company to conclude that they were other than temporarily impaired. The adjustment of newspaper publishing partnership carrying values comprise the majority of these investment charges, and these were driven by many of the same factors affecting the Company's wholly owned publishing businesses. Fair values were determined using a multiple of earnings or a multiple of revenues technique. These investment carrying value adjustments were \$261 million pre-tax and \$162 million on an after-tax basis, or \$0.71 per share.

#### **NOTE 4 – Acquisitions**

On June 30, 2008, the Company acquired from Tribune Company and The McClatchy Company their minority ownership interests in ShopLocal LLC, a leading marketing and database services company for major retailers in the U.S. The Company now owns 100% of ShopLocal and began consolidating its results at the beginning of the third quarter of 2008. The acquisition enables ShopLocal to collaborate with another Gannett company, PointRoll, to create ads that dynamically connect retail advertisers and consumers, online and in clients' stores. Consequently, ShopLocal's operations turned profitable in the third quarter of 2008.

On September 3, 2008, the Company acquired an additional 10% stake in CareerBuilder from Tribune Company increasing its investment to 50.8% so that it is now the majority and controlling owner. Beginning in September 2008, the operations of CareerBuilder have been consolidated and are reported in the digital segment. The related noncontrolling interest charge for CareerBuilder is reflected in "Net income attributable to noncontrolling interest" in the Statement of Income.

**NOTE 5 – Goodwill and other intangible assets**

The following table displays goodwill, indefinite-lived intangible assets, and amortizable intangible assets at September 27, 2009 and December 28, 2008.

Customer relationships, which include subscriber lists and advertiser relationships, are amortized on a straight-line basis over eight to 25 years. Other intangibles primarily include commercial printing relationships, internally developed technology, partner relationships, patents and amortizable trade names. These assets were assigned lives of between four and 21 years and are amortized on a straight-line basis.

<b>Total long-term debt</b>	<u>\$ 3,312,856</u>	<u>\$ 3,816,942</u>

In connection with each of its three revolving credit agreements and its term loan agreement, the Company agreed to provide guarantees from its domestic wholly-owned subsidiaries in the event that the Company's credit ratings from either Moody's or S&P fell below investment grade. In the first quarter of 2009, the Company's credit rating was downgraded below investment grade by both S&P and Moody's. Accordingly, the guarantees were triggered and the existing notes and other unsecured debt of the Company became structurally subordinated to the revolving credit agreements and the term loan.

On September 25, 2009, the Company further amended the terms of its three revolving credit agreements and its term loan agreement to provide for the issuance of up to \$500 million of additional long-term debt carrying the same guarantees put in place for the revolving credit agreements and term loan. In addition, the Company also amended one of the credit agreements to permit it to obtain up to \$100 million of letters of credit from the lenders, which would count toward their commitments.

On August 21, 2009, Moody's confirmed the Company's Ba1 corporate family rating and its Ba2 senior unsecured note rating which had been placed under review for a possible downgrade in April. In addition, Moody's rated the Company's bank debt, which includes its revolving credit agreements and term loan, Baa3. The Baa3 rating also applies to any long-term debt which has the same subsidiary guarantees as the bank debt. The Company's debt is rated BB by Standard and Poor's.

During the first quarter of 2009, the Company repurchased \$68.8 million in principal amount of the floating rate notes in privately negotiated transactions. In connection with these transactions, the Company recorded a gain of approximately \$1.1 million which is classified in "Other non-operating items" in the Statement of Income for the first quarter. This gain is net of \$0.6 million reclassified from accumulated other comprehensive loss for related interest swap agreements in the first quarter.

On May 5, 2009, the Company completed a private exchange offer relating to its 5.75% fixed rate notes due June 2011 and its 6.375% fixed rate notes due April 2012. The Company exchanged approximately \$67 million in principal amount of new 10% senior notes due 2015 for approximately \$67 million principal amount of the 2011 notes, and approximately \$193 million in principal amount of new 10% senior notes due 2016 for approximately \$193 million principal amount of the 2012 notes.

The new 2015 notes and the new 2016 notes (together, the Notes) are senior unsecured obligations and are guaranteed by those Company subsidiaries providing guarantees under the revolving credit agreements and the term loan agreement. The Notes and the subsidiary guarantees have not been and will not be registered under the Securities Act of 1933, as amended (the Securities Act), or any state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

In connection with the exchange transactions and in accordance with the modifications and extinguishments requirements of ASC Topic 470, "Debt," the Company recorded a gain of approximately \$42.7 million which is classified in "Other non-operating items" in the Statement of Income for the second quarter. This gain resulted from recording the Notes at fair value as of the time of the exchange and extinguishing the old notes at their historical book values. Fair value of the Notes was based on their trading prices on and shortly after the exchange date. The

discount created by recording the Notes at fair value instead of face value is being amortized over the term of the loans to interest expense.

As more fully described below in “NOTE 16 – Subsequent Event,” the Company completed a \$500 million private placement offering on October 2, 2009.

**NOTE 7 – Retirement plans**

The Company and its subsidiaries have various retirement plans, including plans established under collective bargaining agreements, under which most full-time employees are covered. The Gannett Retirement Plan (GRP) is the Company’s principal retirement plan and covers most U.S. employees of the Company and its subsidiaries.

The Company’s pension costs, which include costs for qualified, nonqualified and union plans are presented in the following table:

During the first quarter of 2009, the Company reached an agreement with one of its unions for a complete withdrawal from the union’s underfunded pension plan and release from any future obligations with respect thereto. Under the agreement, the Company made a settlement payment of \$7.3 million in May 2009 and will make a payment of \$7.7 million in May 2010. As a result of this agreement, the Company recognized a pre-tax pension settlement gain of \$39.8 million in the first quarter of 2009.

As a result of amendments in June 2008 to freeze most benefit accruals in the GRP and the Gannett Supplemental Retirement Plan, the Company recognized a net pre tax pension curtailment gain of \$46.5 million in the second quarter of 2008 in accordance with the Defined Benefit Plans-Pension subtopic of Topic 715, “Compensation-Retirement Benefits.”

**NOTE 8 – Postretirement benefits other than pension**

The Company provides health care and life insurance benefits to certain retired employees who meet age and service requirements. Most of the Company’s retirees contribute to the cost of these benefits and retiree contributions are increased as actual benefit costs increase. The Company’s policy is to fund benefits as claims and premiums are paid. Postretirement benefit costs for health care and life insurance are presented in the following table:

<i>(in millions of dollars)</i>	<b>Thirteen Weeks Ended</b>		<b>Thirty-nine Weeks Ended</b>	
	<b>Sept. 27, 2009</b>	<b>Sept. 28, 2008</b>	<b>Sept. 27, 2009</b>	<b>Sept. 28, 2008</b>

Special termination charge	—	1.3	—	1.3
<b>Net periodic postretirement benefit cost</b>	<b>\$ 1.4</b>	<b>\$ 2.5</b>	<b>\$ 4.2</b>	<b>\$ 5.1</b>

**NOTE 9 – Income taxes**

The total amount of unrecognized tax benefits that, if recognized, would impact the effective tax rate was approximately \$116.3 million as of December 28, 2008 and \$107.6 million as of the end of the third quarter of 2009. This amount reflects the federal tax benefit of state tax deductions. Excluding the federal tax benefit of state tax deductions, the total amount of unrecognized tax benefits as of December 28, 2008 was \$182 million and as of September 27, 2009 was \$169.8 million. The \$12.2 million decrease reflects a reduction for prior year tax positions, a reduction for lapses of statutes of limitations, and additions in the current year. The reduction for prior year tax positions was primarily related to favorable settlements with tax authorities and currency exchange rate fluctuations.

The Company recognizes interest and penalties related to unrecognized tax benefits as a component of income tax expense. The Company also recognizes interest income attributable to overpayment of income taxes as a component of income tax expense. The Company recognized interest and penalty expense (income) of \$1.3 million and \$(1.8) million during the third quarter of 2009 and 2008, respectively, and \$(1.0) million and \$10.2 million for the year-to-date 2009 and 2008 periods, respectively. The amount of net accrued interest and penalties related to uncertain tax benefits as of December 28, 2008 was approximately \$72.6 million and as of September 27, 2009, was approximately \$70.3 million.

The Company files income tax returns in the U.S. and various state and foreign jurisdictions. The 2005 through 2008 tax years remain subject to examination by the IRS. The 2005 through 2008 tax years generally remain subject to examination by state authorities, and the years 2003-2008 are subject to examination in the UK. In addition, tax years prior to 2005 remain subject to examination by certain states primarily due to the filing of amended tax returns upon settlement of the IRS examination for these years and due to ongoing audits.

It is reasonably possible that the amount of unrecognized benefits with respect to certain of the Company's unrecognized tax positions will significantly increase or decrease within the next 12 months. These changes may be the result of settlement of ongoing audits, lapses of statutes of limitations or other regulatory developments. At this time, the Company estimates that the amount of its gross unrecognized tax positions may decrease by up to approximately \$41 million within the next 12 months.

### NOTE 11 – Fair value measurement

The Company measures and records in the accompanying condensed consolidated financial statements certain assets at fair value. ASC Topic 820, “Fair Value Measurements and Disclosures,” establishes a fair value hierarchy for those instruments measured at fair value that distinguishes between assumptions based on market data (observable inputs) and the company’s own assumptions (unobservable inputs). The hierarchy consists of three levels:

- Level 1 — Quoted market prices in active markets for identical assets or liabilities;
- Level 2 — Inputs other than Level 1 inputs that are either directly or indirectly observable; and
- Level 3 — Unobservable inputs developed using estimates and assumptions developed by the company, which reflect those that a market participant would use.

The following table summarizes the financial instruments measured at fair value in the accompanying condensed consolidated balance sheet as of September 27, 2009 (in thousands):

	<b>Fair Value Measurements as of September 27, 2009</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Employee compensation related investments	\$ 32,858	\$ —	\$ —	\$ 32,858
Sundry investments	23,733	—	26,492	50,225

The level 3 sundry investments are financial instruments held by CareerBuilder. At December 28, 2008, such instruments had a carrying value of \$27.5 million. For the year-to-date period ended September 27, 2009, the Company sold some of these instruments receiving proceeds of \$1.2 million and recording a gain of \$0.2 million. The Company utilized a probability-weighted discounted cash flow technique to determine the fair value of its level 3 financial instruments. The main assumptions used in the fair value calculation were the estimated coupon rate associated with the securities and the discount rate (determined based on market yields of similar taxable obligations).

The fair value of the Company’s total long-term debt, determined based on estimated market prices for similar debt with the same remaining maturities and similar terms, totaled \$2.9 billion at September 27, 2009. As described in Note 6, the Company recognized the new debt resulting from the May 2009 private exchange offer at fair value in accordance with the modifications and extinguishments requirements of ASC Topic 470, “Debt.”

Certain assets are measured at fair value on a nonrecurring basis; that is, the instruments are not measured at fair value on an ongoing basis but are subject to fair value adjustments only in certain circumstances (for example, when there is evidence of impairment). During the thirteen weeks ended June 28, 2009, certain publishing goodwill was

## [Table of Contents](#)

written down to implied fair value. In addition, long-lived assets held and used were written down to fair value in that period as well as during the thirteen weeks ended September 27, 2009. The valuation techniques utilized to measure fair value are discussed in Note 3 above.

The following table summarizes the nonfinancial assets measured at fair value on a nonrecurring basis in the accompanying condensed consolidated balance sheet as of September 27, 2009 (in thousands):

	<b>Fair Value Measurements as of September 27, 2009</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Goodwill	\$ —	\$ —	\$ 5,719	\$ 5,719
Long-lived assets held and used – Measured during Quarter 2	—	—	36,929	36,929
Long-lived assets held and used – Measured during Quarter 3	—	—	8,481	8,481

In addition the Company holds investments in non-public businesses in which the Company does not have control and does not exert significant influence. Such investments are carried at cost and reduced for any impairment losses resulting from periodic evaluations of the carrying value of the investment. At September 27, 2009 and December 28, 2008, the aggregate carrying amount of such investments was \$16 million. No events or changes in circumstances have occurred since December 28, 2008 that suggests a significant and adverse effect on the fair value of such investments. Accordingly, the Company did not evaluate such investments for impairment in 2009.

### **NOTE 12 – Business segment information**

The Company has determined that its reportable segments based on its management and internal reporting structures are publishing, digital, and broadcasting. Publishing is the largest component of the Company's business and includes U.S. Community Publishing, Newsquest operations in the UK and the USA TODAY group. The digital segment was established beginning with the third quarter of 2008 and includes CareerBuilder, ShopLocal, Schedule Star, Planet Discover, PointRoll and Ripple6 (See Note 1). Results for PointRoll, Planet Discover and Schedule Star for periods prior to the third quarter of 2008 have been reclassified from the publishing segment to the digital segment. Broadcasting includes the Company's 23 television stations and Captivate.

#### NOTE 13 – Derivative Instruments and Hedging Activities

In August 2007, the Company entered into three interest rate swap agreements totaling a notional amount of \$750 million in order to mitigate the volatility of interest rates. These agreements effectively fixed the interest rate on the \$750 million in floating rate notes due May 2009 at 5.0125%. These instruments were designated as cash flow hedges in accordance with ASC Topic 815, "Derivatives and Hedging," and changes in fair value are recorded through accumulated other comprehensive loss with a corresponding adjustment to liabilities. As a result of the strategic redemptions of part of the floating rate notes during the fourth quarter of 2008 and first quarter of 2009, the cash flow hedging treatment was discontinued for interest rate swaps associated with approximately \$186.6 million of notional value on the retired floating rate notes. Amounts recorded in accumulated other comprehensive loss related to the discontinued cash flow hedges were reclassified into earnings and subsequent changes were recorded through earnings. The interest rate swap agreements expired concurrent with the maturity of the floating rate notes in May 2009. Year-to-date 2009 expense associated with the derivatives designated as hedges under ASC Topic 815, which is classified as "Interest expense" on the Company's Condensed Consolidated Income Statement, was \$7.7 million. Year-to-date 2009 expense associated with the derivatives not designated as hedges under ASC Topic 815, which is classified as "Other non-operating items" on the Company's Condensed Consolidated Income Statement, was \$0.6 million.

**NOTE 15 – Litigation**

The Company and a number of its subsidiaries are defendants in judicial and administrative proceedings involving matters incidental to their business. The Company’s management does not believe that any material liability will be imposed as a result of these matters.

**NOTE 16 – Subsequent Event**

On October 2, 2009, the Company completed a private placement offering of \$250 million in aggregate principal amount of 8.750% senior notes due 2014 and \$250 million in aggregate principal amount of 9.375% senior notes due 2017. The 2014 notes were priced at 98.465% of face value, resulting in a yield to maturity of 9.125%. The 2017 notes were priced at 98.582% of face value, resulting in a yield to maturity of 9.625%. The 2014 notes and the 2017 notes (together, the New Notes) were made available in a private offering that is exempt from the registration requirements of the Securities Act. The New Notes are guaranteed on a senior basis by the subsidiaries of the Company that guarantee its revolving credit facilities and term loan. The Company used the net proceeds from the offering to partially repay borrowings outstanding under its revolving credit facilities and term loan. The issuance of the New Notes triggered a required reduction in the aggregate size of the Company’s three revolving credit agreements by \$397 million to a new total of \$2.75 billion which otherwise would have been reduced on December 31, 2009. The New Notes and the subsidiary guarantees have not been and will not be registered under the Securities Act, or any state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

**Item 3. Quantitative and Qualitative Disclosures about Market Risk**

The Company believes that its market risk from financial instruments, such as accounts receivable, accounts payable and debt, is not material. The Company is exposed to foreign exchange rate risk primarily due to its operations in the United Kingdom, for which the British pound is the functional currency. If the price of the British pound against the U.S. dollar had been 10% more or less than the actual price, operating income for the third quarter of 2009 would have increased or decreased approximately 2%.

At the end of the third quarter of 2009, the Company had approximately \$2.4 billion in long-term floating rate obligations outstanding. A 1/2% increase or decrease in the average interest rate for these obligations would result in an increase or decrease in annualized interest expense of \$11.8 million.

The estimated fair value of the Company's total long-term debt totaled \$2.9 billion at September 27, 2009.

**Item 4. Controls and Procedures**

Based on their evaluation, the Company's Chairman, President, and Chief Executive Officer and Executive Vice President and Chief Financial Officer have concluded that the Company's disclosure controls and procedures are effective as of September 27, 2009, to ensure that information required to be disclosed in the reports that the Company files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

There have been no changes in the Company's internal controls or in other factors during the fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting.

**PART II. OTHER INFORMATION**

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

There were no share repurchases in the third quarter of 2009. The approximate dollar value of shares that may yet be purchased under the program is \$808.9 million. While there is no expiration date for the repurchase program, the Board of Directors reviews the authorization of the program annually.

"Defaulting Lender": any Lender, as reasonably determined by the Administrative Agent, that has (a) failed to fund its portion of any Borrowing, or any portion of its participation in any Letter of Credit, within three Business Days of the date on which it shall have been required to fund the same, unless the subject of a good faith dispute between Gannett and such Lender, (b) notified Gannett, the Administrative Agent, the Issuing Lender or any other Lender in writing that it does not intend to comply with any of its funding obligations under this Agreement or has made a public statement to the effect that it does not intend to comply with its funding obligations under this Agreement or under agreements in which it commits to extend credit generally, (c) failed, within three Business Days after written request by the Administrative Agent, to confirm that it will comply with the terms of this Agreement relating to its obligations to fund prospective Loans (unless the subject of a good faith dispute between Gannett and such Lender) and participations in then outstanding Letters of Credit; provided that any such Lender shall cease to be a Defaulting Lender under this clause (c) upon receipt of such confirmation by the Administrative Agent, (d) otherwise failed to pay over to the Administrative Agent or any other Lender any other amount required to be paid by it hereunder within three Business Days of the date when due, unless the subject of a good faith dispute), or (e) (i) been (or has a parent company that has been) adjudicated as, or determined by any Governmental Authority having regulatory authority over such Person or its assets to be, insolvent or (ii) become the subject of a bankruptcy or insolvency proceeding, or has had a receiver, conservator, trustee, administrator, assignee for the benefit of creditors or similar Person charged with reorganization or liquidation of its business or custodian, appointed for it, or has taken any action in furtherance of, or indicating its consent to, approval of or acquiescence in any such proceeding or appointment or has a parent company that has become the subject of a bankruptcy or insolvency proceeding, or has had a receiver, conservator, trustee, administrator, assignee for the benefit of creditors or similar Person charged with reorganization or liquidation of its business or custodian appointed for it, or has taken any action in furtherance of, or indicating its consent to, approval of or acquiescence in any such proceeding or appointment, unless in the case of any Lender referred to in this clause (e) Gannett, the Administrative Agent and the Issuing Lender shall be satisfied that such Lender intends, and has all approvals required to enable it, to continue to perform its obligations as a Lender hereunder. (iv) by deleting the definition of “Commitment Utilization Percentage” in its entirety and inserting in lieu thereof the following:

“Commitment Utilization Percentage”: on any day, the percentage equivalent of a fraction (a) the numerator of which is the sum of the aggregate outstanding principal amount of all Loans and Letters of Credit and (b) the denominator of which is the Total Commitments (or, on any day after termination of the Commitments under a Facility with outstanding Loans or Letters of Credit, the Total Commitments in effect immediately preceding such termination).

“(b) Subject to the terms and conditions hereof, each Five-Year Lender severally agrees to make revolving credit loans (“Five-Year Loans”) to Gannett from time to time during the Five-Year Commitment Period in an aggregate principal amount at any one time outstanding which, when added to such Lender’s Five-Year Commitment Percentage of the L/C Obligations then outstanding, does not exceed the amount of such Lender’s Five-Year Commitment. During the Five-Year Commitment Period, Gannett may use the Five-Year Commitments by borrowing, prepaying the Five-Year Loans in whole or in part, and reborrowing, all in accordance with the terms and conditions hereof. Notwithstanding anything to the contrary contained in this Agreement, in no event (after giving effect to the use of proceeds of any Borrowing) shall (i) the amount of any Lender’s Five-Year Commitment Percentage multiplied by the amount of a Borrowing of Five-Year Loans exceed such Lender’s Five-Year Available Commitment at the time of such Borrowing or (ii) the aggregate amount of Five-Year Extensions of Credit and Five-Year Competitive Loans at any one time outstanding exceed the aggregate Five-Year Commitments then in effect of all Lenders.”

4. Amendment to Section 2.3. Section 2.3 of the Credit Agreement is hereby amended by deleting existing clause (iii) of paragraph (f) thereof in its entirety and inserting in lieu thereof the following new clause (iii):

“(iii) if made under the Five-Year Facility, the aggregate principal amount of the Competitive Bids accepted by Gannett may not exceed the lesser of (A) the principal amount set forth in the related Competitive Bid Request and (B) the excess, if any, of the aggregate Five-Year Commitments of all Five-Year Lenders then in effect over the aggregate principal amount of all Five-Year Extensions of Credit outstanding immediately prior to the making of such Competitive Loans,”

5. Amendment to Section 2.4. Section 2.4 of the Credit Agreement is hereby amended by deleting the existing second sentence thereof in its entirety and inserting in lieu thereof the following new sentence:

“Gannett shall have the right, upon not less than two Business Days’ notice to the Administrative Agent, to terminate the Five-Year Commitments when no Five-Year Loans or Letters of Credit are then outstanding or, from time to time, to reduce the unutilized portion of the Five-Year Commitments.”

6. Amendment to Section 2.9. Section 2.9 of the Credit Agreement is hereby amended by deleting existing paragraph (e) in its entirety and inserting in lieu thereof the following new paragraph (e):

“(e) (i) If all or a portion of the principal amount of any Loan or Reimbursement Obligation shall not be paid when due (whether at the stated maturity, by acceleration or otherwise), such overdue amount shall bear interest at a rate per annum equal to (x) in the case of the Loans, the rate that would otherwise be applicable thereto pursuant to the foregoing provisions of this Section 2.9 plus 1% or (y) in the case of Reimbursement Obligations, the rate applicable to ABR Loans plus 1% and (ii) to the extent permitted under applicable law, if all or a portion of any interest payable on any Loan or Reimbursement Obligation or any fee or other amount payable hereunder shall not be paid when due (whether at the stated maturity, by acceleration or otherwise), such overdue amount shall bear interest at a rate per annum equal to the rate then applicable to ABR Loans plus 1%, in each case, with respect to clauses (i) and (ii) above, from the date of such non-payment until such amount is paid in full (as well after as before judgment).”

7. Amendment to Section 2.14. Section 2.14 of the Credit Agreement is hereby amended by:

(i) deleting existing clause (i) of paragraph (a) thereof in its entirety and inserting in lieu thereof the following new clause (i):

“(i) shall subject any Lender or the Issuing Lender to any tax of any kind whatsoever with respect to this Agreement, any Letter of Credit or any Eurodollar Loan made by it, or change the basis of taxation of payments to such Lender or Issuing Lender in respect thereof (except for Non-Excluded Taxes covered by Section 2.15 and changes in the rate of tax on the overall net income of such Lender or Issuing Lender);”

(ii) deleting in its entirety the continuation of the sentence in paragraph (a) beginning “and the result” which follows clause (iii) thereof and inserting in lieu thereof the following:

“and the result of any of the foregoing is to increase the cost to such Lender, by an amount that such Lender deems to be material, of making, converting into, continuing or maintaining Eurodollar Loans or issuing or participating in Letters of Credit, or to reduce any amount receivable hereunder in respect thereof, then, in any such case, Gannett shall promptly pay such Lender, upon its demand, any additional amounts necessary to compensate such Lender for such increased cost or reduced amount receivable.”

(iii) deleting existing paragraph (b) in its entirety and inserting in lieu thereof the following new paragraph (b):

“(b) If any Lender shall have determined that the adoption of or any change in any Requirement of Law regarding capital adequacy or in the interpretation or application thereof or compliance by such Lender or any corporation controlling such Lender with any request or directive regarding capital adequacy (whether or not having the force of law) from any Governmental Authority made subsequent to the date hereof shall have the effect of reducing the rate of return on such Lender’s or such corporation’s capital as a consequence of its obligations hereunder or under or in respect of any Letter of Credit to a level below that which such Lender or such corporation could have achieved but for such adoption, change or compliance (taking into consideration such Lender’s or such corporation’s policies with respect to capital adequacy) by an amount deemed by such Lender to be material, then from time to time, within 15 days after submission by such Lender to Gannett (with a copy to the Administrative Agent) of a written request therefor, Gannett shall pay to such Lender such additional amount or amounts as will compensate such Lender for such reduction; provided that Gannett shall not be required to compensate a Lender pursuant to this paragraph for any amounts incurred more than 30 days prior to the date that such Lender notifies Gannett of such Lender’s intention to claim compensation therefor; and provided further that, if the circumstances giving rise to such claim have a retroactive effect, then such 30 day period shall be extended to include the period of such retroactive effect.”

8. Amendment to Section 2.15. Section 2.15 of the Credit Agreement is hereby amended by:

(i) deleting existing paragraph (a) in its entirety and inserting in lieu thereof the following new paragraph (a):

“(a) All payments made by Gannett under this Agreement shall be made free and clear of, and without deduction or withholding for or on account of, any present or future income, stamp or other taxes, levies, imposts, duties, charges, fees, deductions or withholdings, now or hereafter imposed, levied, collected, withheld or assessed by any Governmental Authority, excluding net income taxes and franchise taxes (imposed in lieu of net income taxes) imposed on the Administrative Agent or any Lender as a result of a present or former connection between the Administrative Agent or such Lender and the jurisdiction of the Governmental Authority imposing such tax or any political subdivision or taxing authority thereof or therein (other than any such connection arising solely from the Administrative Agent or such Lender having executed, delivered or performed its obligations or received a payment under, or enforced, this Agreement). If any such non-excluded taxes, levies, imposts, duties, charges, fees, deductions or withholdings (“Non-Excluded Taxes”) or Other Taxes are required to be withheld from any amounts payable to the Administrative Agent, the Issuing Lender or any Lender hereunder, the amounts so payable to the Administrative Agent, the Issuing Lender or such Lender shall be increased to the extent necessary to yield to the Administrative Agent, the Issuing Lender or such Lender (after payment of all Non-Excluded Taxes and Other Taxes) interest or any such other amounts payable hereunder at the rates or in the amounts specified in this Agreement, provided, however, that Gannett shall not be required to increase any such amounts payable to any Lender with respect to any Non-Excluded Taxes (i) that are attributable to such Lender’s failure to comply with the requirements of paragraph (d) or (e) of this Section or (ii) that are United States withholding taxes imposed on amounts payable to such Lender at the time the Lender becomes a party to this Agreement (or designates a new lending office), except to the extent that such Lender’s assignor (if any) was entitled, at the time of assignment, to receive additional amounts from Gannett with respect to such Non-Excluded Taxes pursuant to this paragraph.”

(ii) deleting existing paragraph (e) in its entirety and inserting in lieu thereof the following new paragraph (e):

“(e) If the Administrative Agent, the Issuing Lender or any Lender receives a refund in respect of any amounts paid by Gannett pursuant to this Section 2.15, which refund in the reasonable judgment of such Administrative Agent, Issuing Lender or such Lender is allocable to such payment, it shall pay the amount of such refund to Gannett, net of all reasonable out-of-pocket expenses of the Administrative Agent, the Issuing Lender or such Lender, provided however, that Gannett, upon the request of such Lender, Issuing Lender or the Administrative Agent, agrees to repay the amount paid over to Gannett to the Administrative Agent, the Issuing Lender or such Lender in the event such Administrative Agent, Issuing Lender or the Lender is required to repay such refund. Nothing contained herein shall interfere with the right of the Administrative Agent or any Lender to arrange its tax affairs in whatever manner it deems fit nor oblige the Administrative Agent, the Issuing Lender or any Lender to apply for any refund or to disclose any information relating to its affairs or any computations in respect thereof.”

9. Amendment to Section 2.17. Section 2.17 of the Credit Agreement is hereby amended by deleting existing Section 2.17 in its entirety and inserting in lieu thereof the following new Section 2.17:

“Section 2.17. Change of Lending Office. Each Lender and each Issuing Lender agrees that, upon the occurrence of any event giving rise to the operation of Section 2.14 or 2.15(a) with respect to such Lender or Issuing Lender, it will, if requested by Gannett, use reasonable efforts (subject to overall policy considerations of such Lender) to designate another lending office for any Loans or Letters of Credit affected by such event with the object of avoiding the consequences of such event; provided, that such designation is made on terms that, in the sole judgment of such Lender, cause such Lender and its lending office(s) to suffer no economic, legal or regulatory disadvantage, and provided, further, that nothing in this Section shall affect or postpone any of the obligations of Gannett or the rights of any Lender or Issuing Lender pursuant to Section 2.14 or 2.15(a).”

10. Amendment to Section 2.19. Section 2.19 of the Credit Agreement is hereby amended by deleting existing paragraph (c) in its entirety and inserting in lieu thereof the following new paragraph (c):

“(c) Any such reduction of the Commitments pursuant to this Section 2.19 shall be accompanied by prepayment of the Loans (except for any then outstanding Competitive Loans, as to which such reduction shall be accompanied by cash collateralization of such Competitive Loans) to the extent, if any, that the aggregate principal amount of the then outstanding Loans exceeds the aggregate amount of the Commitments as so reduced. If, after giving effect to the prepayment of Loans pursuant to the preceding sentence, the Total Extensions of Credit exceed the aggregate amount of the Commitments as so reduced, then Gannett shall, to the extent of the balance of such excess, replace outstanding Letters of Credit and/or deposit an amount in cash equal to such excess in a cash collateral account established with the Administrative Agent for the benefit of the Lenders on terms and conditions satisfactory to the Administrative Agent. The application of any prepayment pursuant to this paragraph (c) shall be made, first, to ABR Loans and, second, to Eurodollar Loans. Each prepayment of the Loans under this paragraph (c) (except in the case of Loans that are ABR Loans) shall be accompanied by accrued interest to the date of such prepayment on the amount prepaid.”

11. Amendment to Article II. Article II of the Credit Agreement is hereby amended by adding the following new Section 2.20 at the end thereof as follows:

“Section 2.20 (a) L/C Commitment. (i) Subject to the terms and conditions hereof, the Issuing Lender, in reliance on the agreements of the L/C Participants set forth in Section 2.20(e), agrees to issue letters of credit (“Letters of Credit”) for the account of Gannett on any Business Day during the Five-Year Commitment Period in such form as may be approved from time to time by the Issuing Lender; provided that the Issuing Lender shall have no obligation to issue any Letter of Credit to the extent that, after giving effect to such issuance, (i) the L/C Obligations would exceed the L/C Commitment or (ii) the aggregate amount of the Five-Year Available Commitments would be less than zero. Each Letter of Credit shall (i) be denominated in Dollars and (ii) expire no later than the earlier of (x) the first anniversary of its date of issuance and (y) the date that is five Business Days prior to the Five-Year Termination Date, provided that any Letter of Credit with a one-year term may provide for the renewal thereof for additional one-year periods (which shall in no event extend beyond the date referred to in clause (y) above). Unless otherwise specified, all references herein to the amount of a Letter of Credit at any time shall be deemed to mean the maximum face amount of such Letter of Credit after giving effect to all increases thereof contemplated by such Letter of Credit or the Application therefore, whether or not such maximum face amount is in effect at such time.

(ii) The Issuing Lender shall not at any time be obligated to issue any Letter of Credit to the extent (a) that such issuance would conflict with, or cause the Issuing Lender or any L/C Participant to exceed any limits imposed by, any applicable Requirement of Law, (b) any request or directive (whether or not having the force of law) from any Governmental Authority with jurisdiction over the Issuing Bank shall prohibit, or request that the Issuing Bank refrain from, the issuance of letters of credit generally or such Letter of Credit in particular or shall impose upon the Issuing Bank with respect to such Letter of Credit any restriction, reserve or capital requirement (for which the Issuing Bank is not otherwise compensated hereunder) not in effect on the Third Amendment Effective Date, or shall impose upon the Issuing Bank any unreimbursed loss, cost or expense which was not applicable on the Third Amendment Effective Date and which the Issuing Bank in good faith deems material to it or (c) the issuance of such Letter of Credit would violate one or more policies of the Issuing Bank applicable to letters of credit generally.

(b) Procedure for Issuance of Letters of Credit. Gannett may from time to time request that the Issuing Lender issue a Letter of Credit by delivering to the Issuing Lender at its address for notices specified herein or otherwise on file with the Administrative Agent (with a copy to the Administrative Agent) an Application therefor, completed to the satisfaction of the Issuing Lender, and such other certificates, documents and other papers and information as the Issuing Lender may reasonably request. Unless the Issuing Lender has received written notice from any Lender or the Administrative Agent at least one Business Day prior to the requested date of issuance or amendment of the applicable Letter of Credit that the conditions precedent set forth in Article IV shall not then be satisfied, then, subject to the terms and conditions hereof, the Issuing Lender shall, on the

requested date, issue a Letter of Credit or enter into the applicable amendment, as the case may be, in accordance with its customary procedures (but in no event shall the Issuing Lender be required to issue any Letter of Credit earlier than three Business Days after its receipt of the Application therefor and all such other certificates, documents and other papers and information relating thereto). The Issuing Lender shall furnish a copy of such Letter of Credit to Gannett promptly following the issuance thereof. The Issuing Lender shall promptly furnish to the Administrative Agent, which shall in turn promptly furnish to the Lenders, notice of the issuance of each Letter of Credit (including the amount thereof). A Letter of Credit shall be issued only to the extent (and upon issuance of each Letter of Credit Gannett shall be deemed to represent and warrant that), after giving effect to such issuance, amendment, renewal or extension (i) the L/C Obligations shall not exceed the L/C Commitment and (ii) the aggregate amount of the Five-Year Extensions of Credit shall not exceed the aggregate Five-Year Commitments. Such Issuing Lender shall promptly furnish to the Administrative Agent, which shall in turn promptly furnish to the Lenders, notice of the issuance of each Letter of Credit (including the amount thereof).

(c) Fees and Other Charges. Gannett will pay a fee on all outstanding Letters of Credit at a per annum rate equal to the Applicable Margin then in effect with respect to Eurodollar Loans under the Five-Year Facility, shared ratably among the Five-Year Lenders and payable quarterly in arrears on each Fee Payment Date after the issuance date. In addition to the foregoing fee, Gannett shall pay or reimburse the Issuing Lender for such normal and customary costs and expenses as are incurred or charged by the Issuing Lender in issuing, negotiating, effecting payment under, amending or otherwise administering any Letter of Credit.

(d) L/C Participations. (i) The Issuing Lender irrevocably agrees to grant and hereby grants to each L/C Participant, and, to induce the Issuing Lender to issue Letters of Credit, each L/C Participant irrevocably agrees to accept and purchase and hereby accepts and purchases from the Issuing Lender, on the terms and conditions set forth below, for such L/C Participant's own account and risk an undivided interest equal to such L/C Participant's Five-Year Commitment Percentage in the Issuing Lender's obligations and rights under and in respect of each Letter of Credit and the amount of each draft paid by the Issuing Lender thereunder. Each L/C Participant agrees with the Issuing Lender that, if a draft is paid under any Letter of Credit for which the Issuing Lender is not reimbursed in full by Gannett in accordance with the terms of this Agreement, such L/C Participant shall pay to the Issuing Lender upon demand an amount equal to such L/C Participant's Five-Year Commitment Percentage of the amount of such draft, or any part thereof, that is not so reimbursed. Each L/C Participant's obligation to pay such amount shall be absolute and unconditional and shall not be affected by any circumstance, including (i) any setoff, counterclaim, recoupment, defense or other right that such L/C Participant may have against the Issuing Lender, Gannett or any other Person for any reason whatsoever, (ii) the occurrence or continuance of a Default or an Event of Default or the failure to satisfy any of the other conditions specified in Article 4, (iii) any adverse change in the condition (financial or otherwise) of Gannett, (iv) any breach of this Agreement by Gannett, any other Loan Party or any other L/C Participant or (v) any other circumstance, happening or event whatsoever, whether or not similar to any of the foregoing.

(ii) If any amount required to be paid by any L/C Participant to the Issuing Lender pursuant to Section 2.20(d)(i) in respect of any unreimbursed portion of any payment made by the Issuing Lender under any Letter of Credit is paid to the Issuing Lender within three Business Days after the date such payment is due, such L/C Participant shall pay to the Issuing Lender on demand an amount equal to the product of (i) such amount, times (ii) the daily average Federal Funds Effective Rate during the period from and including the date such payment is required to the date on which such payment is immediately available to the Issuing Lender, times (iii) a fraction the numerator of which is the number of days that elapse during such period and the denominator of which is 360. If any such amount required to be paid by any L/C Participant pursuant to Section 2.20(d)(i) is not made available to the Issuing Lender by such L/C Participant within three Business Days after the date such payment is due, the Issuing Lender shall be entitled to recover from such L/C Participant, on demand, such amount with interest thereon calculated from such due date at the rate per annum applicable to ABR Loans under the Five-Year Facility. A certificate of the Issuing Lender submitted to any L/C Participant with respect to any amounts owing under this Section shall be conclusive in the absence of manifest error.

(iii) Whenever, at any time after the Issuing Lender has made payment under any Letter of Credit and has received from any L/C Participant its pro rata share of such payment in accordance with Section 2.20(d)(i), the Issuing Lender receives any payment related to such Letter of Credit (whether directly from Gannett or otherwise, including proceeds of collateral applied thereto by the Issuing Lender), or any payment of interest on account thereof, the Issuing Lender will distribute to such L/C Participant its pro rata share thereof; provided, however, that in the event that any such payment received by the Issuing Lender shall be required to be returned by the Issuing Lender, such L/C Participant shall return to the Issuing Lender the portion thereof previously distributed by the Issuing Lender to it.

(e) Reimbursement Obligation of Gannett. If any draft is paid under any Letter of Credit, Gannett shall reimburse the Issuing Lender for the amount of (a) the draft so paid and (b) any taxes, fees, charges or other costs or expenses incurred by the Issuing Lender in connection with such payment, not later than 12:00 Noon, New York City time, on (i) the Business Day that Gannett receives notice of such draft, if such notice is received on such day prior to 11:00 A.M., New York City time, or (ii) if clause (i) above does not apply, the Business Day immediately following the day that Gannett receives such notice. Each such payment shall be made to the Issuing Lender at its address for notices referred to herein in Dollars and in immediately available funds. Interest shall be payable on any such amounts from the date on which the relevant draft is paid until payment in full at the rate set forth in (x) until the Business Day next succeeding the date of the relevant notice, Section 2.9(a) and (y) thereafter, Section 2.9(e).

(f) Obligations Absolute. Gannett's obligations under this Section 2.20 shall be absolute and unconditional under any and all circumstances and irrespective of any setoff, counterclaim or defense to payment that Gannett may have or have had against the Issuing Lender, any beneficiary of a Letter of Credit or any other Person. Gannett also agrees with the Issuing Lender that the Issuing Lender shall not be responsible for, and Gannett's Reimbursement Obligations under Section 2.20(e) shall not be affected by, among other things, the validity or genuineness of documents or of any endorsements thereon, even though such documents shall in fact prove to be invalid, fraudulent or forged, or any dispute between or among Gannett and any beneficiary of any Letter of Credit or any other party to which such Letter of Credit may be transferred or any claims whatsoever of Gannett against any beneficiary of such Letter of Credit or any such transferee. The Issuing Lender shall not be liable for any error, omission, interruption or delay in transmission, dispatch or delivery of any message or advice, however transmitted, in connection with any Letter of Credit, except for errors or omissions found by a final and nonappealable decision of a court of competent jurisdiction to have resulted from the gross negligence or willful misconduct of the Issuing Lender. Gannett agrees that any action lawfully taken or omitted by the Issuing Lender under or in connection with any Letter of Credit or the related drafts or documents, if done in the absence of gross negligence or willful misconduct, shall be binding on Gannett and shall not result in any liability of the Issuing Lender to Gannett.

(g) Letter of Credit Payments. If any draft shall be presented for payment under any Letter of Credit, the Issuing Lender shall promptly notify Gannett and the Administrative Agent of the date and amount thereof. The responsibility of the Issuing Lender to Gannett in connection with any draft presented for payment under any Letter of Credit shall, in addition to any payment obligation expressly provided for in such Letter of Credit, be limited to determining, using reasonable care, that the documents (including each draft) delivered under such Letter of Credit in connection with such presentment are substantially in conformity with such Letter of Credit.

(h) Payments. Any payments and reimbursements due to the Issuing Lender hereunder shall be remitted to the Administrative Agent which shall, in turn, remit such funds to the Issuing Lender.

(i) Applications. To the extent that any provision of any Application related to any Letter of Credit is inconsistent with the provisions of this Section 2.20, the provisions of this Section 2.20 shall apply.

12. Amendment to Article II. Article II of the Credit Agreement is hereby amended by adding the following new Section 2.21 after new Section 2.20 as follows:
